DOCTOR PRIVILEGES AT ISSUE

New Mary's Help Ruling Stirs a Hassle

By DON MILLER

A NEW BY-LAW, adopted by by the medical staff of Mary's Help Hospital in June of this year, has mushroomed into a lively controversy that threatens to cloud the opening of the hospitals new $8.5-million building in Daly City sometime next summer.

The by-law covers the privileges of doctors practicing at Mary's Help — a field that has become increasingly sensitive with doctors in the past few years as medicine has grown in its complexities and headed increasingly toward specialization.

The new provision, adopted as part of a new over-all code of by-laws, rules and regulations for the hospital, states that after Mary's Help opens its new building, a doctor shall be considered for surgical and obstetrical privileges only if he meets one of these qualifications:

1. He is a fellow of his respective college.
2. He is a diplomat of his respective board.
3. He has the requisite training necessary to become a diplomate of his respective American bord and can present a letter from such speciality board, stating that he is qualified for examination in that board.

What this means, in essence, is that doctors admitted to the staff at the new Mary's Help won't be allowed surgical or maternity privileges unless they have specialist training.

THE BY-LAW has evoked a howl of protest from members of the California Academy of General Practice who maintain that the provision discriminates against the so-called "family doctor" or GP.

The 3,200-member organization, whose national group is second in size among medical organizations only to the American Medical Association, maintains that doctors should be evaluated on an individual basis rather than on the basis of a certificate.

Hospital officials reply that the by-law is an attempt to raise standards and that the provision is something now being practiced at many fellow institutions.

Further, they point out, doctors will continue to be evaluated by the hospital's credentials committee.

THE ISSUE OF whether "family doctors" will be able to perform surgery and deliver babies at Mary's Help also has become intimately involved with the hospital's current building fund drive.

The drive, which has been going on for nearly a year and a half, is seeking to raise $1.5-million for the completion of the top three floors of the new 10-story building in Daly City.

The top three have been completed on the outside but equipment and furnishings for the inside must await the end of the drive. To date, a million of the $1.5-million has been raised.

One question is whether contributors can be expected to donate funds to a hospital in which their family physician may be barred from practicing.

Hospital officials, answering this point, say that because the new by-law won't go into effect until the new building opens, doctors may join the staff now, be granted full privileges, and retain them.

IN ADDITION TO the California Academy of General Practice, a number of other medical organizations also have expressed strong interest in the new by-law.

The San Francisco Medical Society has appointed an ad hoc committee to study the hospital's action, to meet with Mary's Help officials and to

Pacelli Raps Statements On Bus Plan

D. C. Treasurer, JESD Official Criticized

By RON BATES

Daly City Councilman Frank Pacelli Monday night sharply criticized City Treasurer Joseph Lewkowitz and Jefferson Elementary School Board trustee Thomas Noonan about statements made by the two men last week concerning public transportation in Daly City.

The councilman, a member of the city's transportation committee that is studying a proposal to extend the San Francisco Municipal Railways system into Daly City, charged that Lewkowitz was "uninformed" and Noonan "inconsistent."

Both Lewkowitz, also a school board trustee, and Noonan had defended present bus service provided by Northgate Transit and had criticized the council's efforts to have Muni extended to Daly City.

Noonan and Lewkowitz, when informed of the councilman's remarks, reiterated their statements that the possibility of subsidizing Northgate had not been explored fully.

Pacelli prefaced a lengthy

Pacifica to Hire Beach Study Aide

By MARILYN BRANNAN

The late Councilman Harold Feyge's vision of an esplanade stretching the entire length of Pacifica's coastline is becoming less gossamer and more solid every day.

Tonight, Pacifica's city fathers are expected to augment this solidifying process by approving the employment of engineering consultant Edward Maykel who already has up a tentative master plan for beach development.

Maykel, representing the firm of Frahm, Maykel and Edler, said his master plan calls for eight to ten months of study to really "get the show on the road."

"The first steps will concern the accumulation of existing information to guide us in the right direction."

He added that ultimately the study will evolve into a report showing the feasibility of trans-

A Bonanza For Readers

Today's edition of The Post includes a bonanza for readers — a special 46-page section devoted both to the 75th birthday of The San Mateo Times, parent publication of The Post, and to The Times' move to its new $1,250,000 plant at 1080 South Bayshore Boulevard in San Mateo.

The 46 pages, combined with today's regular edition of 36 pages, make this, an 82-page Post, the largest ever distributed to North County readers.

IN NORTH COUNTY

Record Vote Is Expected

An expected record number of North County voters will stream to the polls Tuesday to indicate their choices on a lenghty ballot ranging from the selection of a president to the size of railroad crews.

In between are a number of important local races and 17 state ballot propositions.

Younger

Sullivan

In the race for congressman, Democratic challenger Mark Sullivan, a philosophy professor at the College of Notre Dame, will be trying to unseat Republican incumbent J. Arthur Younger.

This is Younger's sixth election campaign for California's 11th Congressional seat. He was first elected to office in 1952.

Dolwig

Graham

State Senator Richard Dolwig, a Republican, has Atherton attorney William (Jake) Graham as his Democratic opponent in the race for senator from San Mateo County.

Ryan

Byrd

The race for assemblyman from the 27th Assembly District will be a repeat of the same race two years ago when Democrat Leo Ryan of South San Francisco ran against Republican Andrew Byrd of Burlingame.

Ryan defeated Byrd by a sizable majority and will be trying for his second term Tuesday.

Polls will be open from 7 a.m. to 8 p.m.

Because of the county's record registration of 250,136 generated by the Johnson-Goldwater campaign and several controversial ballot measures, County Clerk John Bruning has forecast a heavy vote.

Vote Bureau To Be Manned

A special election night bureau will be manned by The Post from 8 to 11 Tuesday evening for readers wishing early results of races with particular North County interest.

Post readers may call WY 2-2262 at that time.

Goblins Will Have Police For Company

The ghosts and goblins that legend says wander around on Hallowe'en will have plenty of company in Daly City Saturday night.

The company will be dressed in blue and they'll be wearing badges.

Capt. Roy Beecher of the Daly City police department said his men and reserve officers will be out in force Hallowe'en night

COACHES MAP STRATEGY

JUHSD Rejects Extra Pay Plan

By LOUANNE HEATH

Battle lines were drawn, preliminary moves that could lead to a court fight were made and students, parents and trustees began a period of watchful waiting Monday night after trustees of the Jefferson Union High School District voted unanimously to reject a controversial proposal for "extra pay for extra servces."

The board took its stand after a lengthy and often stormy session in the cafeteria of Westmoor High School.

The meeting was marked by both formal and informal presentations on the extra pay issue by coaches, parents and faculty members.

Immediately after the board took its stand, a delegaiton of coaches met in another room to contact their lawyer and map strategy for carrying on their fight for overtime pay for coaching assignments.

Although the press was barred from the coaches' meeting, it was learned that the coaches were to take these moves yesterday:

A coach not scheduled for a game would not hold a practice session but would leave school at the end of the academic day.

Coaches with meets or games scheduled after-school hours would ask for instructions from their principals. Those instructed to continue with their after-school duties would do so only

New Routing Proposed for Dirt-Hauling

Parents of children attending Christopher Columbus School Monday night proposed an alternative route for state highway trucks that will be permitted to use St. Francis Boulevard in Daly City after January 1.

John Harrison of 796 St. Francis, a spokesman for the parents, presented a petition to the Jefferson Elementary School District board of trustees, asking that the trucks use a route through the former Christen Ranch property near Chinese Cemetery.

"We looked into this matter very deeply and discovered the route we propose actually is one the state proposed in the first place," he told trustees.

Daly City recently approved a contract with the state, allowing dirt from freeway construction to be transported by truck over St. Francis between Clarinada Avenue and Skyline Drive.

Harrison pointed out that the alternate route would cut through uninhabited, isolated countryside and that the only place for a runaway truck to go would be into an empty field.

Trustees agreed that a route through an uninhabited area should be preferred over St. Francis with its shopping center, schools and heavy population.

Trustees George G. Perry said he was perplexed that the city didn't go along with the state's suggestion in the first pace.

He then made a motion that

Petitions Readied for Recall Move

Legal work on petitions that will ask the recall of the Laguna Salada School Board will be completed by the end of this week, according to a Pacifica lawyer.

James Foley, the attorney, said he then will submit the petitions to members of the HELP Committee (Help Eliminate Lax Planning) to see if the petitions "cover all of their grievances."

Eugene Cowhig, 1026 Fassler Avenue, chairman of HELP, said about 40 parents would circulate the petitions throughout Pacifica once they are ready.

The HELP Committee is a group of parents in the Fassler Avenue-Upper Crespi Drive area who have reacted strongly against a decision by the school board to bus their children from Ortega School to Linda Mar School.

Laguna officials have replied that the district's transportation policies were set up long ago by the board on the basis of recommendations made by a citizen's committee and that every attempt always is made to house children in schools closest to their homes.

Cowhig said, "We anticipate a long, hard and slow process

D.C., Rotary To Hold Auto Safety Check

Daly City's first voluntary automobile safety-check will be held from November 14 to 21, Mayor Micheal De Bernardi announced today.

He urged all area motorists to "join the Circle of Safety by checking your car, checking your driving, and checking accidents. Even our best drivers are poor risks if they are driving cars with bad brakes, worn tires, or other neglected items."

The week-long Safety-Check campaign is being sponsored jointly by the city and the Daly City Rotary club.

The all-out campaign to check Daly City vehicles will aim for a goal of 5,000 cars in the eight-day free checking period, Dr. Riba said. It marks the first time in Daly City history

Hearing on Canyon Zone Plea Is Set

A public hearing on a controversial rezoning proposal in the Brighton Canyon area will be continued tonight when Pacifica's city councilmen meet at 8 in City Hall.

An application to reclassify an area from single to multiple residence has been made to the Planning Commission by B. D. Hembree of Redwood City.

A hearing was conducted September 8. Two residents voiced opposition.

Ken Malmberg of 630 Rosita Court, and John Hess of 201 Scenic Way pointed out that all property owners in the area opposed the rezoning classification and that any apartments would be inconsistent with the master plan of the area.

The planning administrator has agreed and says the city's general plan indicates single family land use. He recommends that the council deny Hembree's application.

One section of work scheduled under the Capital Improvement Program will be reported upon tonight, a fire station at Hickey Boulevard in the Fairmont subdivision.

The station will include two apparatus buildings with storage, shop area and living quarters. Appropriations would amount to $35,000.

Estimated date for the plans to be completed is November 19. Bids will be called for December 2 and the contract awarded on December 16.

Baldwin says work will probably begin January 1.

The Manor Village Improvement Club will present a resolution to the council regarding a stairwell to the beach at Pacific Manor.

forming Pacifica's coast into a recreational playground.

Max Link, chairman of the city's beach development committee, pointed out that the U. S. Army Corp of Engineers has already completed the first phase of its three-year study of shore erosion problems.

"Naturally we have to lick the erosion problem before we can have our esplanade," Link noted.

Orville McGoon, army engineer, said that the corps has completed plotting and cross-sections and in about a month studies of beach contour and soil conditions will be finished.

"We have taken profiles of the summer beach when the water level is high. In March we will begin our winter beach profiles when the water level is low and then we will compare the findings of both profiles," McGoon explained. "This comparison will be of extreme value to our study." And he added:

"We have been proceeding with our work in an orderly fashion and will be able to complete the study in the allotted time as long as funds are available," McGoon states.

Eugene Huggins, technical liaison official for the Corps of Engineers, said it will be at least a year before the corps can release anything even unofficially about corrective erosion measures.

WESTBORO HASSLE

'Distortion' Cited By Water Official

The vice chairman of the Westborough County Water District last week called charges made by the president of the Westborough Homeowners Monday a "personal campaign" to discredit the agency and its directors.

John B. Drye, the vice chairman, said charges made by Ray Vetterlein, association president, before the South San Francisco City Council, were the outgrowth of a campaign Vetterlein has waged for several years.

Drye said it was a campaign "based on distortion, misstatement of fact and innuendo."

Vetterlein appeared before the council to seek help and advice in preventing the water district from selling more general obligation bonds.

The association president charged that in effect, homeowners, through the existence of the water board, have been financing projects of the Callan firm, the developers of Westborough.

Drye said in a prepared statement that Vetterlein has chosen to ignore the facts when they have been made available to him.

The controversy stirred up by Vetterlein is "not the first" he has started, Drey said. He added:

"The whole tenor of Vetterlein's public statements is to imply an unholy alliance between the developer of Westborough and this board, aimed at high-jacking our fellow homeowners and neighbors."

On charges that the district was formed for the benefit of the developers and that water could have been provided this area from other sources, Drye commented:

"The facts are that when development of Westborough was first contemplated, the California Water Service, which serves most of South San Francisco, refused service to this area because of an inadequate water supply."

New Routing Is Requested On Dirt Haul

(Continued From Page 1)

the board express its concern over the route selected and show support of the parents' stand.

The board unanimously passed the motion.

(Another delegation of residents appeared at the Daly City Council meeting Monday night to argue for the alternate routing.

(Paul Lucey of 763 St. Francis Boulevard presented a petition similar to that presented to the school board.

(Mrs. Ralph Hutchesen of 772 St. Francis Boulevarfd asked that the council take into consideration foggy weather in the area.

("We have to listen for the traffic when we take our children across the street or back out our cars from the garage," she said.

(Mayor Michael DeBernardi said the city would do everything it could to help the situation, but that any negotiation would have to wait until a land transfer in Serramonte takes place some time next year.)

In other action, the board:

Opened a bid submitted by Petty Realty in the amount of $15,500 for purchase of district property at 179 Knowles Avenue. Since it was the only bid received, the board accepted it and authorized the execution of the deed.

Authorized the administrative staff to advertise for bids for the completion of Franklin D. Roosevelt School and for the first phase of John F. Kennedy School.

Passed a resolution in support of unifying the Jefferson, Brisbane and Bayshore Elementary School Districts into one district. This resolution is to be submitted to the State Board of Education before its meeting in San Diego next month.

Requested Supt. Richard L. Foster to consult with Daly City police officials about safety precautions to protect children going to and from Daniel Webster School.

Recall Move Is Pressed

and a great amount of pressure from the opposition, but we plan to proceed as swiftly as possible."

Cowhig, 1026 Fassler Avenue, pointed out that some reports have described him as a man arguing over 29 youngsters.

"This is an understatement to say the least," he retorted. And he added,

"Our petitions are going to cover planning and curriculum as well as irresponsible transportation."

The dispute began shortly after the opening of school this fall when 29 first through third grade students were transported from Ortega to Linda Mar School.

with a written directive from the principal and only under protest.

The coaches planned to meet yesterday afternoon to discuss whether these moves would be continued on future school days.

After the board's vote Monday evening, Jefferson football coach Joseph McGrath requested a clarification from the trustees.

"Months ago," McGrath stated, "the coaches indicated to this board that if we were not going to receive additional compensation, we would no longer be interested in coaching. In light of the vote just taken, may I assume we are free to leave at 3:15 p.m., and, what are your plans in this advent?"

Elio Fontana, chairman of the board, indicated that the district attorney's office would be contacted and asked to make recommendations.

"I personally would hate to see you stop coaching," Fontana said, "but, if you wish to pursue this matter and perhaps take this question to court for a decision, I feel the board would welcome a court ruling."

McGrath then said:

"This need not go to court if we stop coaching unless the board would attempt to fire us. Would the board attempt such a thing?"

Fontana, in his reply declined to make a definite statement on the matter of firing coaches. District Supt. Edward Morgan, questioned after the meeting, stated, however, that the board would resort to firing if necessary.

"What else could we do?" he inquired. And he added:

"With the exception of perhaps half a dozen men, all the coaches have been hired since I came to this district and I can say definitely that no one has been hired who didn't know exactly what he was hired to do."

Pacelli Raps Statements On Bus Plan

criticism of the two school board trustees when he said:

"It's unfortunate that these things must be said but the time has come for everyone to stand up and be counted."

Lewkowitz, he pointed out, has his office adjoining both the city's finance office and City Hall where he has "complete access" to any information about the transportation study now under way.

"Lewkowitz has been city treasurer for several years now," Pacelli said. "Yet I can't recall him ever attending any council study session to see what we were doing. Except one recently. That was a budget session and he was requesting a $100 a month raise."

Pacelli said Lewkowitz is getting $400 a month now and charged that Finance Director Joseph Arch already performs better than 99 per cent of Lewkowitz' work.

The councilman said that Lewkowitz had been told two weeks ago by Councilman Albert Polonsky, the other member of the transportation committee, that the city "was only conducting a study" and that public hearings and citizen committee meetings would probably be held once all the facts were available.

"The city treasurer chose to ignore these facts," Pacelli said.

Commenting on Pacelli's remarks, Lewkowitz said that although he is still convinced Northgate's service can be improved, he emphasized he did not intend to "blast the council." And he added:

"I think they're doing a great job."

Replying to Pacelli's charge that Arch is doing better than 99 per cent of his job, Lewkowitz said that upon the recommendation of auditors, most of the functions he used to perform, which were taken over by Arch, have now been returned to him.

Concerning Noonan, Pacelli pointed out that when the school trustee ran for City Council (he was defeated in 1962 and again in April), some of his campaign literature said there was a "definite need" for better transportation in Daly City.

"I'll admit that was prior to the election," Pacelli said sarcastically. "If Noonan thinks Northgate is so great, why doesn't he recommend to his school board that Greyhound be dropped and Northgate hired."

Pacelli said the transportation committee has tried to go about getting adequate transportation for Daly City in as intelligent a manner as it could.

In his reply to Pacelli's remarks, Noonan declared:

"I don't propose that we negotiate with Northgate alone. You don't do business with just one—you shop around to find the best transportation available."

Safety Check Is Scheduled

that such a voluntary free check has been scheduled.

Vehicle check stations are now being established at key garages and gas stations throughout the city, De Bernardi said. Qualified mechanics, under the sanction of the Daly City police department, will conduct the checks, he pointed out.

Items to be checked are brakes, front and rear lights (turn signals, stop lights), steering, tires, exhaust system, glass, windshield wipers (and windshield washers), rearview mirror, horn, and seat belts.

Stations which have already been established as vehicle safety check points include:

Inside Garage, 7338A Mission Street; Pete's Chevron Service, 2089 Junipero Serra Boulevard; Barbata's Automotive Service, 493 Eastmoor Avenue; Westlake Automotive Service, 6498 Mission Street; Bill's Wilshire Service, 2428 Junipero Serra Boulevard; Union 76 Service, 6989 Mission Street; Westlake Richfield Service, 151 Southgate.

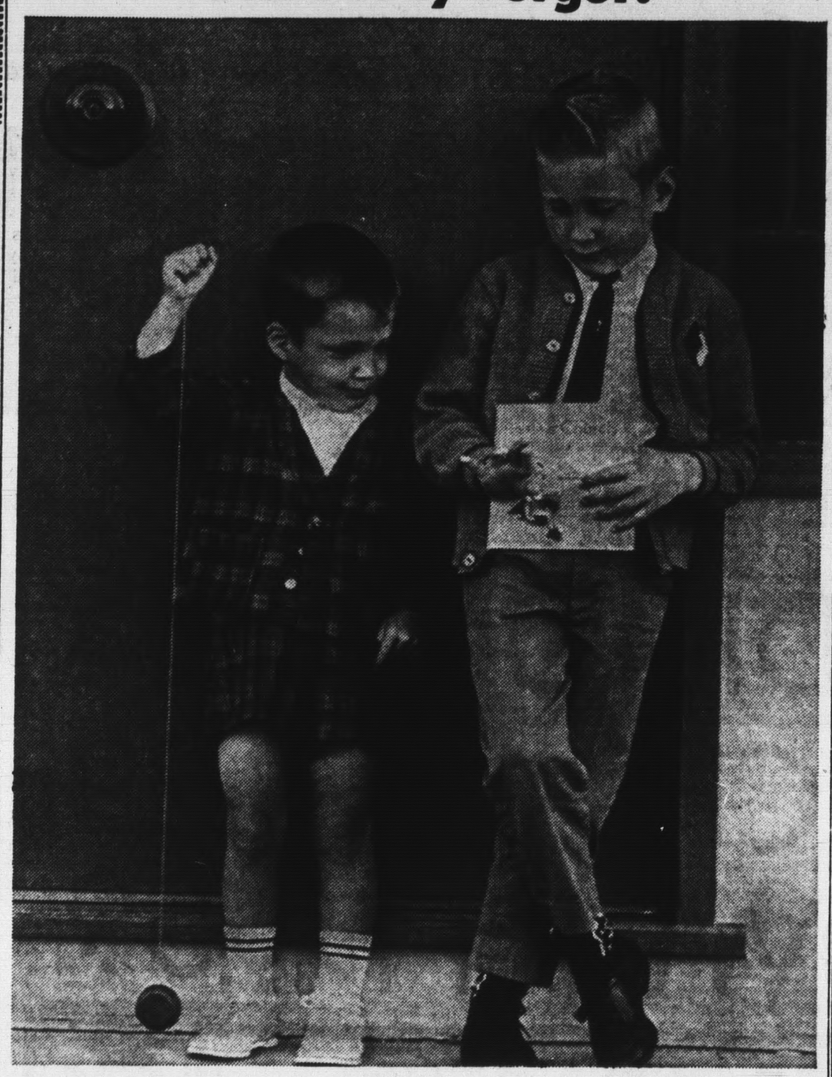
Somebody Forgot!



STANDARD TIME arrived back on the North County scene Sunday morning but, as could be expected, there were a few folks who forgot to set the hour back. Among them were Fred Peceimen, left, and his brother, David who arrived, to their profound chagrin, an hour early for Sunday School. Fred filled in the hour with some yo-yo practice while David spent most of it glaring at this watch. The boys live at 73 Grandview Avenue, Daly City.

ACTIVITIES SCHEDULED

The Goblins Romp

A RAFT OF activities designed for Hallowe'en is planned for all ages in the North County.

For the younger set, a colorful party and costume parade is planned from 6 to 9 Saturday night in the St. Francis Square Shopping Center.

The parade will begin at Lincoln Avenue and Lakeshire Drive and will continue to the shopping center where games and prizes will be awarded.

The program will replace a similar activity that had been sponsored previously in the Westlake Shopping Center by the Westlake Homeowners Improvement Association.

THE SHARP PARK P-TA is staging a Hallowe'en bean feed and costume parade tomorrow at 6 p.m.

For the teen set, two big Hallowe'en dances, sponsored by the Daly City Recreation Department, are scheduled.

The War Memorial Community Center will be the site of the All-City High School Hallowe'en dance from 8 to 11 p.m. Saturday.

Admission to the dance is 25 cents and proof of high school attendance in Daly City.

The Imperials, Casualiers, and Majestic Junior Teen Clubs are co-hosting a Hallowe'en dance Saturday at Colma K-6 school from 7 to 9:30 p.m.

Admission will be 10 cents, but an extra 25 cents will be charged for those persons not in costume.

Some church groups also have planned acticities centered around Hallowe'en.

THE HIGH SCHOOL Fellowship of Broadmoor Presbyterian Church will visit house-to-house Hallowe'en night to collect funds to send government surplus food to needy persons overseas through the "Share Our Substance" program of Church World Service.

A family night at Broadmoor Church around a Hallowe'en theme is planned Friday after a 6:30 p.m. potluck dinner.

The Junior League of the Our Redeemer's Church is planning a "fun night" Sunday afternoon at 4.

The adults of the Daly City Eagles Club will hold a party at Eagles' Hall at 3344 San Jose Avenue Saturday night.

Western music and a buffet lunch is scheduled.

North County Political Notes

A pre-election rally and pancake breakfast for William J. Graham, Democratic candidate for State Senate, will be held in Daly City Sunday.

The rally will be held from 9 a.m. to 1 p.m. at the House of Parties at 22 Hillcrest Drive. Tickets are $1.25 for adults and 75 cents for children and are available at all Democratic headquarters in the county or from John Zapian at PL 6-4716.

Graham, speaking before the Young Democrats of Daly City, charges that his opponent, incumbent Richard Dolwig, "used his legislative position to get the Estero Improvement District Bill passed for T. Jack Foster while Foster was his law client." Foster is developr of Foster City.

He said he did not see how a state senator could impartially discuss filling San Francisco Bay when his clients are directly involved.

Graham has received the endorsement of the California Brotherhood of Locomotive Firemen and Engineers and the Northern California District Council of the International Longshoremen and Warehousemen's Union.

The California Teamsters Legislative Council, representing 27,000 members of the International Brotherood of Teamsters throughout the state, have endorsed State Senator Richard J. Dolwig in his campaign for November re-election in San Mateo County.

Dallas E. Craig, chairman of the Labor Committee to Re-elect Dolwig, also reported endorsements from Northern California Teamsters' Joint Councils 7, 38, 42 and 21.

City chairmen and special area chairmen from the North County for Dolwig's campaign are:

North County co-ordinator is Mrs. Florence Galyean. Others are Mrs. John Drye, Mrs. Joan Hurts and Mr. and Mrs. Raoul Vincilione of South San Francisco, Fred Ruhland of Colma, Charles M. Stringer of Daly City and Dr. Jerry Miles of Pacifica.

North County councilmen who have pledged support to Dolwig are Mayor Micheal DeBernardi and Councilmen Frank Pacelli, Edward Dennis, Albert Polonsky and Bernard Lycett of Daly City, Emilio Cortesi and Andrew Rocca of South San Francisco and James Fox, Don McMannis and Harland Minshew of Pacifica.

Mrs. Nancy Shands, 11th Congressional District director of the California Democratic Council, and Mrs. Jean Fassler, first mayor of Pacifica, are co-ordinators of the San Mateo County Johnson for President campaign.

Philip C. Kaplan, Redwood City attorney and president of the Millbrae Democratic Club, has been chairman of the speakers' bureau.

Dr. Julio Bortolazzo, president of the College of San Mateo, and Mrs. Anita Lehman, English instructor and counselor at CSM have been named co-chairmen of Educators for Johnson in San Mateo County.

An old fashioned election rally will be held at the Pedro Valley fire house in Pacifica Sunday at 2 p.m.

John M. Rogers, the Northern California chairman of the Democrats for Goldwater, will be the guest speaker.

Also scheduled to speak at the fire hall is a special guest, retired Marine Corps Col. Mitchell Paige, from Redwood City. Paige was the first Congressional Medal of Honor winner while serving in Guadalcanal.

There is no admission charge. Further information may be obtained by phoning 355-0775.

Merrit G. Snyder, business manager-financial secretary of the International Brotherhood of Electric Workers' Local 1969, and chairman of the San Mateo County Planning Commission has been named labor chairman of the Salinger for Senate campaign.

Campaign headquarters for Congressman J. Arthur Younger has released the results of a countywide poll, showing Younger leading opponent Mark Sullivan by a margin of 61 per cent to 36 per cent.

A countywide rally for a "No" vote on Proposition 14 will be held Sunday at 4 p.m. at Peninsula Temple Beth El in San Mateo, according to Rev. Herbert C. Tweedie of the Broadmoore Presbyterian Church.

Speakers will be Rev. Eugene Boyle, chairman of the Catholic Archdiocesan Commission on Social Justice and Dr. M. J. Sanderson, co-ordinator of the Commission on Religion and Race of the United Presbyterian Church.

Sixteen religious leaders in Daly City and San Francisco have spoken out against Proposition 14. They include Rev. Kenneth Hansen, Lutheran pastor and president of the Daly City Ministerial Association.

Also included are Rabbi Herbert Morris of Temple Judea, Rabbi Shore of Temple B'nai Israel and the Rt. Rev. Richard W. Power of Our Lady of Mercy Catholic Church.

Duty-Free Lunch Is Asked

The Jefferson Classroom Teachers' Association has voted to request a duty-free lunch hour for teachers in the Jefferson Elementary School District.

A spokesman for the association said that with the passage of Public Law 128 by the legislature, it is legally possible to use city recreation funds to provide personnel for lunchtime supervision.

The cost that would have been incurred by the request has been the district's main objection in the past, the spokesman said.

Teachers feel that relief from lunch supervision would contribute indirectly but signifiantly, to the effectiveness of the total classroom instructional program, he added.

The teachers' association also voted to support a "No" vote on Proposition 14.

Purpose is to interest residents in volunteering to staff department programs and activities.

COMMENT

Elect Byrd as Assemblyman

WHEN ANDREW C. BYRD announced that he would seek election as the Republican candidate for the California State Assembly in the Twenty-seventh Assembly District he said:

"Northern California needs action instead of words.

"The greatest problem we face in the north part of San Mateo County is the lack of effective leadership in solving the many problems, old and new, that we face in this fast growing area of California."

The Post agrees whole-heartedly with Byrd's succinct appraisal of what is needed for this county, for the northern part of the state, and for all California.

The Twenty-seventh District should send a man of vigor, of leadership, and of experience to Sacramento. Andy Byrd is that kind of a man and voters who elect him can expect that he will stand on his own legs instead of retiring into the lush green fields of established partisan politics where a long-standing majority provides pleasant pasturage and a chance to lie down with the herd under the benevolent eye of the majority leader.

ANDY BYRD is forthright and courageous. It takes a man of forthright courage to contest an office in a district that was gerrymandered to give the opposition party "the bulge."

Andy Byrd is experienced. He served as a councilman in his home city of Burlingame for 14 years and was thrice elected Mayor.

In addition to having been one of the best Mayors in the history of Burlingame he has also proved quality of leadership by having been Chairman of the Bay Area Air Pollution Control District.

In one of the most critical problems of San Mateo County, that of rapid transit, he has the knowledge of an expert. For many years he was president and co-owner of the Burlingame-San Mateo Transit Company.

Add all this up, and the thinking voter can only come to the same conclusion reached by The Post — Andy Byrd is the man to elect to the Assembly in the Twenty-seventh District.

Vote "No" on Prop. 6

THE OFFICIAL TITLE on general election Proposition 6 states the general purpose of this measure succinctly, it reads:

"Assembly Constitutional Amendment No. 27. Revises provisions authorizing retaliatory taxation on out of state insurers; provides that when California insurer has imposed on it by laws of another state or country a greater tax, obligation or restriction than an insurer of such state or country doing business in California may impose such additional tax, obligation or restriction on nisurers from such other state California has imposed upon it by California, then or country."

Though this proposal may seem fair enough, and largely represents the practice of other states, including to a certain present degree the practice of California, the key words in the title are "retaliatory taxation."

Retaliatory taxation of any kind is unsound in principle and in this particular case is offensive to the American governmental theory of free trade between states. Moreover, this amendment would freeze into the California Constitution a mandate for such retaliation instead of it leaving it permissive as at present and prohibit the exercise of judgment of each situation in light of the actual effect upon California insurers in other states.

The Post recommends a "No" vote upon Proposition No. 6.

Now He's Producer

Barbara Bladen

PRESTON FOSTER has been many things to his profession, from stagehand to singer to actor to walk-on. With 120 feature motion pictures and almost an equal amount of television shows behind him, he is now embarking on another aspect of theatrical endeavor: producing.

The actor and his wife Sheila were up from Hollywood this week to spread the good word about two current projects. His appearance in American International's "The Time Travelers" may be his last before the cameras for some time to come. But his presence will be very much in evidence in Oceanside where he'll be managing director of the El Camino Playhouse and Southern California Center of Performing Arts School.

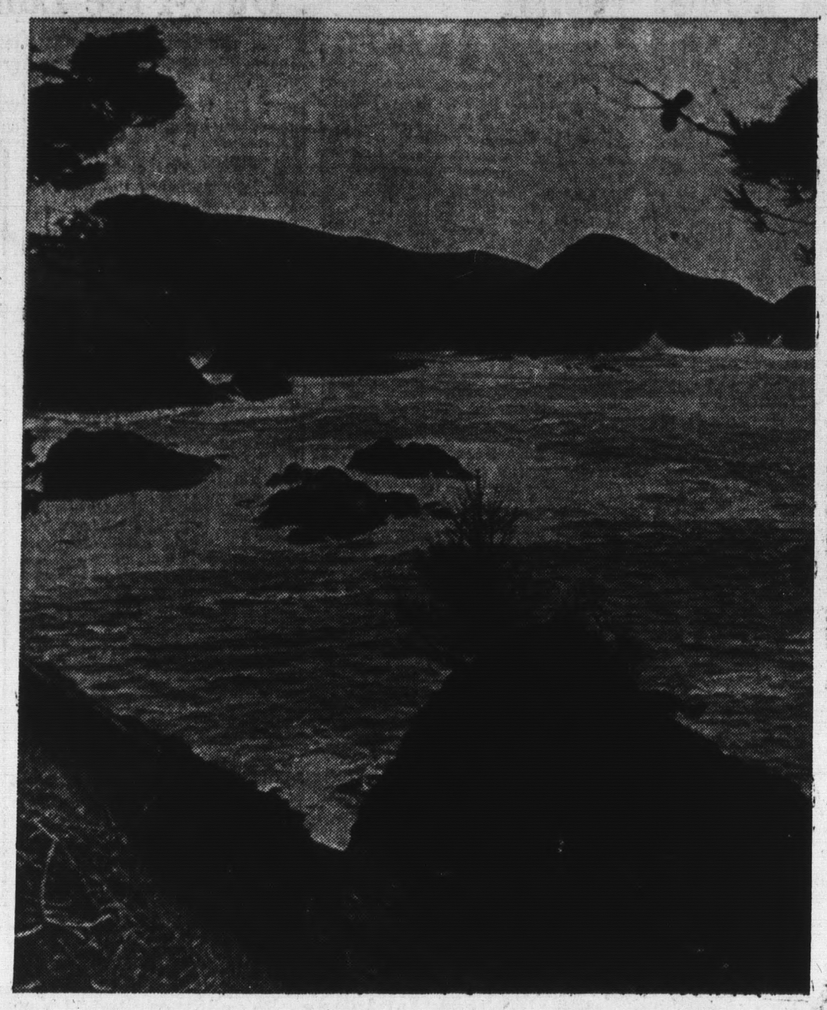
The graying, still handsome star who is remembered for his role as the priest in "Guadalcanal Diary," the gladiator in "Last Days of Pompeii" and father in "My Friend Flicka" was born and reared on the New Jersey seacoast. His passion for boating has never waned and he shares this enthusiasm with golfing. Both are good reason for basing his operations in Oceanside.

HIS CURRENT assignment won the Silver Globe top award for science fiction movie over all other international entries at the Trieste Film Festival. "It's in the best Flash Gordon, Buck Rogers tradition," he recounted.

"My career has followed closely in the footsteps of Spencer Tracy, whose physique and features resemble mine. I'm often mistaken for the actor and walked into two wonderful roles when Tracy turned them down." "The Informer," considered one of the best film scripts ever produced and Sean O'Casey's "Plough and the Stars" were the two.

"Everyone thinks I'm Dublin Irish but actually I'm a combination of German and English. But I lived with Jewish families in New York and am quick to pick up accents. That talent has got me many good roles. I can do any dialect well except Scottish."

The Sonoma Coastline



THE RESTLESS Pacific surges timelessly against rocks off Sonoma Beach State Park, situated 150 miles north of San Francisco on the Coast Highway. The park has the only camping facilities on the coast between Santa Cruz and Van Damme State Park, south of Fort Bragg. In the spring, the coastal bluffs are alive with yellow and blue lupines, sea pinks, Indian paint brushes and other flowers. Park activities include fishing, beachcombing and picknicking. Parking facilities and beach access trails are available at Duncan's Landing. This is another in a series of articles on parks and historical areas within a day's driving time of the North County.

North County Notebook

Caught in the Line of Fire

Ron Bates

THERE IS probably no other subject that gets a dedicated newspaperman more enthused or worked up than freedom of the press.

I've seen newsmen talk for hours on the subject and there is no phrase used more often to dig a story out of a city or county official than "it's the public's right to know."

There is a potential verbal war on the subject brewing in California today as the result of a State Supreme Court decision involving an obscure Mexican dope addict from Los Angeles, named Robert B. Dorado.

Dorado was sentenced to die in the gas chamber for his part in the killing of a San Quentin inmate in 1961. The court has ruled, however, that his confession was wrongfully obtained because he was not told he had the right to legal counsel and that everything he said could be used against him.

THE TRUE BATTLE, it seems to me, will be between the courts and the press. But caught right smack dab in the middle of the cannon fire will be the police departments.

The situation took on a local hue when the San Mateo County Law Enforcement Association appointed a committee to draft up guidelines for police press releases—all as a result of the Dorado case.

It took on an even more local nature this month when a special patrolman was charged with attempted murder in the shooting of a Daly City man in his home.

A press release on this case was issued that concluded: "These are all the details that will be given to the press for fear of compromising our case should a jury trial result."

PACIFICA POLICE Chief Neil Tremaine, president of the county's law enforcement association, said the committee assigned to draft the guidelines has yet to make its report.

One of the main reasons for the delay is because it's a tough subject to handle, he said.

Tremaine added that probably the only time the guidelines will come into play will be in major cases—such as murder. Then, more than likely, a virtual "news blackout" will exist.

The association has no real control over the various departments and the guidelines the committee will offer will be only guidelines. It will be up to the individual police chief to do what he thinks is right.

CHIEF TREMAINE said that as more and more cases are lost because of giving out too much information, it will probably become tougher for the press to get more facts.

"We (the police chiefs) are going to be the ones the press jumps up and down on," Tremaine said, "not the courts. It sort of puts us in an unfair position."

This is often the case, he pointed out. The courts, in the past 20 years, have very seldom ruled in favor of the police.

If anything, the courts have become more critical and a police department is making a mistake if it interprets the court actions in a "liberal vein."

ONE HAS TO admit, Tremaine pointed out, that the less that is known about a case, the more fair the trial will be.

He said that there are some real classic cases that will be debated for years to come with the assassination of President John F. Kennedy.

Could Lee Harvey Oswald have gotten a fair trial? Can Jack Ruby, Oswald's assassin, receive a fair trial in light of all the material that has been printed?

And to top it off, the crime charged to Ruby was committed while millions of television viewers looked on horrified.

Tremaine said he will be surprised if Ruby ever really gets convicted.

As I said before, the implications of the Dorado case are actually just beginning—much like sparks in a fire. Watch those sparks, now, grow into a big fire.

Letters to the Editor

TO THE EDITOR:

Le Pacini's column on Karate (The Post, September 23) was far from the truth. After reading it, I made a point to visit the (Karate) school. Visitors are welcome and always have been.

What I saw was a small group of fine, clean cut young men and boys interested in body building, physical fitness and self defense.

The instructor was a fine, young man who had the whole group's admiration and respect. Any roughnecks or trouble makers are not accepted. I do know that several boys have been refused for that very reason.

Physical fitness is a main factor. Others who visited the school (mainly after reading Mr. Pacini's column) left with a good impression of the school and were quite pleased to know or see for themselves that the column was misleading.

This is my first letter to an editor but I did want to correct the bad impression that you would give to others who will not go see for themselves.

I am 67 years old and I'm just sorry that I can't take lessons but I do know a nice group of young people when I see them.

Pacific Parade

The Pillar Is Wobbling

Don Miller

IT IS A PARADOX in our American way of life that we who cherish the idea of free and unfettered elections are so negligent each time November rolls around.

While Europeans, Asians and Africans stream to the polls en masse—consistently recording voter percentages that are in the 70s, 80s, and in some cases, 90s—Americans somehow seem to forget their heritage when it comes time to cast their ballot.

This year, California's voter registration has reached a new high—again—and the national registration total is also at a record level. Yet, unless a revolution occurs overnight in American voting habits, the percentage of those who show up at the polls next Tuesday will most likely hover around the 60 mark.

This is a sad commentary, by all counts, on a nation that looks sternly down its nose at those societies in which a truly free vote is denied. We are saying, in effect, that it's dastardly to prohibit free elections—yet once you have them, it's really not very necessary to do much about them.

★ ★ ★

THE QUESTION of why so many otherwise rational and reasonably intelligent people don't show at the voting booth on election day seems to have many answers.

In a campaign where it appears that one candidate has the decided edge, a considerable number of voters will conclude that with the outcome seemingly assured, their vote won't make any difference. So they stay home.

The fallacy of this thinking, however, was probably never more dramatically illustrated than by Harry Truman's victory over Tom Dewey in 1948.

All the polls pointed to an easy GOP victory that year and Truman went to bed election night a discouraged candidate.

The Republicans later blamed their defeat on voter complacency and to a great extent, this was borne out by vote totals. Too many GOP voters thought the election was in the proverbial bag and they just didn't bother to cast their ballots.

Another factor that always affects voter turnout is the weather. Given relatively good weather, election day will see a heavier turnout of the populace than if the skies are dark and dripping.

To us, this is hypocrisy in the American vote pattern at its worst. Our soldiers have laid down their lives in conditions infinitely worse than a snow storm or thundershower to guard our right to vote—yet we can't trundle down the block to vote when a smattering of rains rattles on the roof.

One of the most oft-heard answers offered by the non-voter when he's asked why he wasn't at the polls is that with umpteen millions of votes being counted, his single ballot isn't going to make any difference in the outcome.

This seems to be a pretty good argument until you start multiplying those votes that "aren't going to make any difference" by the hundreds and thousands of Americans who think this way each election day.

Richard Nixon—and a legion of other candidates who just missed by agonizingly thin margins—will probably always be haunted by the knowledge that so many Americans hold that unfortunate voter philosophy.

★ ★ ★

THERE IS ANOTHER answer that we may be hearing after the upcoming election—an answer that would be the result of the marvels—or evils—or the electronic age in which we live.

With computer machines now being used to forecast the outcome of elections, it could be that a considerable segment of the vote, yet to be cast, will be academic.

This prospect was the subject of considerable debate and a lot of soul-searching in the higher echelons of the radio and television industry after the California primaries this year.

The debate also had an echo in Congress where at least one legislator proposed that the nation vote as one, so to speak, rather than by the clock in the raft of time zones in which Americans live from Miami to Anchorage.

That is, he proposed that all polling stations open simultaneously on election day, regardless of whether the hour was 4 a.m., in Boston or 7 a.m., in San Diego. In the evening, the polls also would close simultaneously—even though "evening" might be the middle of the afternoon in some far reaches of Alaska.

While this proposal could have the effect of nullifying the psychological influence of computer predictions, the crazy hours Americans would be voting in some areas of the land undoubtedly would discourage a good many of them from casting their ballots anyway.

★ ★ ★

IT SEEMS TO US that the real answer to all this voter antipathy business—whether it be blamed on electronics, the weather or the polls—is that we've forgotten some of our history, that we've become too lazy about our basic freedoms, that we tend to take for granted in a time of the extreme left and the extreme right something that should bever be taken for granted.

The exercise of a free vote is one of the principal pillars underlying our American way of life, it should be obvious to all of us.

It's about time we shore up that pillar for if past Novembers are any indication, it's been wobbling pretty badly.

Peninsula Panorama

They Tread A Tightrope

George Whitesell

BEING A BAR owner, and there are a lot of them on this Peninsula, does not necessarily bring on a life of unrestrained jollity.

A bar owner is a businessman in a highly competitive field and he has all the troubles of other businessmen, plus many other problems that are unique to his field and would drive many other businessmen to drink.

But this is precisely where a bar owner dares not be driven.

If he goes on the sauce, his business can go to pot.

★ ★ ★

THIS DOES NOT mean he can't sample his own wares.

The widespread idea that bar owners don't drink is largely fiction. A few of them do not, but most of them can't escape the conviviality that is the very heart of their business.

They have to walk a precarious tightrope between being the hearty host and keeping the cash register jingling in a satisfactory manner so they can pay the bills and the rent, and meet the payroll.

It ain't easy.

★ ★ ★

IT IS SOMETHING of a paradox that bar owners are offered more drinks than almost anyone else. This is something that automatically goes with the business.

Friends and customers are always offering to buy them drinks and this is often without any feeling that the bar owner is required to reciprocate in kind, although many bar owners feel it is a point of honor to do so.

They are also always being offered drinks by brewery, winery and distillery salesmen and it is often necessary for them to do some sampling. Other suppliers and people who do commercial business with bars also seem to feel it is very good manners to buy the proprietor a drink every time they enter the bar (which is one good excuse for having a belt themselves).

And whenever anyone "buys for all" the bar owner has to knock one off in recognition of such generosity.

★ ★ ★

MANY BAR OWNERS, and especially in smaller bars, are exposed to more booze than they may want simply because their business obliges them to stay on the premises most of the time.

They have to drink with all who want to buy for them because there is no surer way of driving out trade than gaining a reputation as a sourpuss who will not drink with the customers.

Too, they are always being inveigled into shaking dice for drinks. They have to drink with the customer who is celebrating a birthday or any other event, and unwritten law says they must drink with the winner of a bet or a sports pool.

How do they manage to stay sober?

Some of them may have a secret of their own, but if they do it stays a secret.

They don't seem to have any set system. However, it can be observed that nearly all bar owners never pour a lone drink for themselves and refrain from banging the back bar on their own accord.

They grow adept at timing and can "nurse" one drink for a long time so that they are not imbibing as much as it might appear. If a happy patron starts "stacking them up" they fade away on errands or make a phone call. Some have a magic trick of "losing" drinks that come too fast.

Most have a well-developed tolerance for the firewater and are careful to eat regularly. Then generally stay with the same tipple and shy away from the high-proof stuff.

One other thing they have going for them is the fact that with them wetting the tonsils is a business and not a habit or a hobby.

★ ★ ★

THEY CAN, however, enjoy their snorts, even if they do not get overly relaxed around their own places.

On the Peninsula, quite a few bar owners follow an old custom, which is much like a postman taking a vacation hike. They visit other bars and relax while someone else is tending the store. Just like lots of their own customers, they buy drinks for the owner of the bar they are visiting.

When they make these visits, however, they are the best behaved patrons in the place. They know what it is to have to deal with customers who get out of line or lap up too much grog.

They know all too well.

New Mary's Help By-Law Stirs Controversy

Both Sides Give Views

A PRINCIPAL OBJECTION voiced by the California Academy of General Practice to a new Mary's Help Hospital plan to keep non-specialist doctors out of surgery and obstetrics is that this is the wrong way to go about raising medical care standards—the hospital's reason for the move.

The acadmmy is spearheading opposition to the plan, which is provided in a new by-law that will become effective when Mary's Help opens it new hospital in Daly City next summer.

"All we're asking is that each doctor be individually evaluated," said Dr. Lionel Pereyra, chairman of the academy's professional and public relations committee, in summing up the academy's stand. "Who can argue with that?"

WILLIAM ROGERS, executive secretary of the academy. said California has a shortage of general practitioners and that the type of by-law adoped by Mary's Help Hospital tends to discourage young men from entering general practice.

He said the policy is against the thinking of the Joint Commission on Hospital Accreditation. The commission sets up minimum standards of patient care for hospitals.

"We've pushed so much in this country," Rogers said, "for this matter of the patient having a free choice of physicians."

He added that a survey taken by the academy shows that 93 per cent of hospitals in California have "open" staffs.

Rogers said Mary's Help could have instituted such programs as proctoring and individual evaluation instead of going to a restrictive clause. And he noted:

"If the Mary's Help restricon were to remain, no qualified general practitioner would establish practice in an area where he would face such severe restrictions.

IN AN EDITIORIAL in its July-August house publication, the academy charged that the new by-law was not written by the hospital staff but handed to it by the administration.

It further charged that because they were protected under the "grandfather clause," general practioners, with one exception, were unwilling to openly express objections at the staff meeting in which the by-law was adopted. It passed by a 53-21 vote.

IN ANSWER TO the barrage of criticism leveled at the hospital's stand, Sister Hermine, the administrator, and Lawrence Hoban, the assistant administrator, both emphasized that the hospital's primary purpose is to provide the best patient care possible and that the new by-law is one of the ways in achieving this end.

"Our only concern is the patient in bed," Sister Hermine said.

Hoban explained that the hospital's new set of rules and bylaws was prepared by a spceial committee representing all segments and view points of the hospital staf.

He said it was recommended unanimously by the committee to the full staff.

Sister Hermine added that the hospital's by-laws were more liberal than those in other hospitals and that "what we've done is to put in writing what has often been practice."

SISTER HERMINE
Replies to Criticism

The administrator emphasized that "we want general practitioners to apply to Mary's Help. They will get privileges."

TOUCHING ON the rason for adopting a new set of by-lawys, Hoban said the old set was eight years old and needed to be updated.

"We have planned a lot of very modern services in the new building that we don't have here (Mary's Help in San Francisco) and now we have to develop the personnel and medical staff."

He noted that Mary's Help was last surveyed by the Joint Commission on Accreditation in 1962 and that the hospital exceeded the minimal standards.

"However, they say that every hospital should try to exceed the minimus and that's what we're trying to do here. We're only following trends, not leading them."

He indicated that what Mary's Help is trying to do is not at all new but has been practiced for some time in the East and Midwest. And he observed:

"I'd say we're in the mainstream of providing the best care possible and the trend is toward specialization as medicine advances into new fields."

ON THE QUESTION of alternatives, specifically the program of proctoring, Hoban said that the hospital, in adopting the new by-laws, followed the recommendations of the American College of Surgeons that apprenticeship programs should be dropped.

The college, he said, recommends that the regular residence program be used for learning the surgical process—generally a three-to-four-year program.

"What we're doing," he summed up, "is setting up a standard of qualification of education and training that is higher than just being licensed. We're not taking away individual evaluation. That's followed through in the hospital's credentials committee."

The whole question of the new by-law will be raised again in December when the hospital staff meets to consider a resolution that would repeal the by-law. It requires a two-thirds vote to pass.

Physicians Assail Plan

REACTION OF physicians and at least one businessman to a plan by Mary's Help Hospital to keep the so-called "family doctor" out of surgery and obstetrics has been generally unfavorable to date.

Although the greater part of the community the hospital will serve when it moves to Daly City next year is unaware of the ramifications of the plan—if not the plan itself—those who are feel it is an injustice to the doctor who practices general medicine.

As one Daly City physician who is himself a specialist in pediatrics acknowledged:

"You don't need a specialist to deliver a baby. In England and Ireland, you know, they use midwives. Now they're trying to encourage this in America. Most of the general practitioners are perfectly capable of delivering babies. If consultation is needed, it's available."

THE NEW Mary's Help provision is contained in a by-law adopted by the hospital staff in June. It will become effective when the hospital's building in Daly City opens next year.

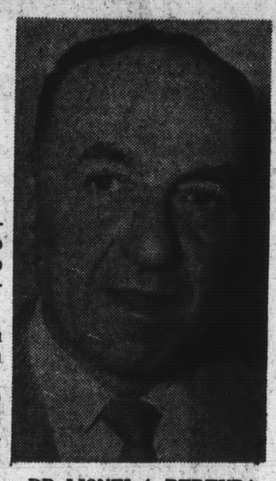
Doctors now on the Mary's Help staff and those who join before the by-law becomes effective will be exempt from its provisions.

One of the strongest criticisms directed against the hospital's action has been voiced by Stanley Farber, vice president of the Pacifica Junior Chamber of Commerce and owner of his own pharmacy in a Pacifica shopping center.

Farber said Pacificans should have been told of the doctor restrictive clause when they were being asked to contribute funds to the Mary's Help Building Fund Drive. He noted:

"I don't think it was very fair. It's tough for us to decide who is right or wrong and whether the community is getting a fair shake or not."

Farber said Pacifica does not have any "board-certified" surgeons and obstetricians now and that unless the city does attract these specialists, "the hospital will be of no use to Pacificans.



DR. LIONEL A. PEREYRA
Airs Academy's Stand

"I just feel that these people have a greater obligation to the community than they are showing" he asserted.

OF A NUMBER of North County doctors questioned in a survey, some indicated they hadn't heard of the new policy, others said they had but that it was too early to come to any conclusions while others assailed the policy as unfair. All asked not to be quoted by name. Here is a sampling of their opinions:

" . . . I feel that this is an unjust restriction. It's arbitrary and not based on ability or training. My belief is that a man should be given privileges based upon his experience, training and ability and the privileges shouldn't be determined by a certificate."

" . . . I made a very, very substantial pledge to the building fund. I don't think that I would have made that size of a contribution if I had known the clause would be adopted."

" . . . the fund drive was

come up with a set of recommendations.

The committee is a blue-ribbon group. It includes Dr. Dwight Wilbur, a member of the American Medical Association board of trustees; Dr. Malcolm Watts, an assistant dean at the University of California Medical Center; Dr. Robert Combs, a member of the California Board of Medical Examiners and Dr. John Driscoll, chief of staff at St. Joseph's Hospital.

Meanwhile, the San Mateo County Medical Society has endorsed a resolution passed by the GP academy, opposing the new Mary's Help by-law.

Robert Wood, executive secretary of the society, said the group would take further action only if a doctor appealed to the society after being turned down for staff privileges at Mary's Help.

ON A NATIONAL level, the American Medical Association has adopted a resolution, written by a San Francisco member, that calls the new Mary's Help policy "arbitrary discrimination necessarily related to physician's competence."

Locally, the new provision has aroused the concern of the Pacifica Junior Chamber of Commerce, which held a special open meeting last week to discuss the ramifications of the by-law.

Chamber officials are worried that the clause may discourage GP's from settling in Pacifica after Mary's Help opens its doors in Daly City.

ON A GOVERNMENTAL level, the question of hospital staff membership has reached the California Legislature and to date, five intensive legislative committee hearings have been held on whether the state should place the final authority over medical staff appointments in a government agency.

One recourse a physician may take when denied staff privileges is to take his case to court—an avenue of action, incidentally, that the GP academy considers only as a last resort.

Twenty to thirty years ago, according to Los Angeles attorney James E. Ludlam, writing in the August 1 issue of "Hospitals," the reported legal cases involving medical staff privileges were a rarity.

Now, he says, the number of cases is increasing at "a geometric rate" and has "every indication of continuing." And he adds that court cases do not nearly spell out the problem nor do they point the way to a clear answer.

Whatever the answer, in the Mary's Help controversy, it could become academic. The hospital staff will meet in December to consider a resolution that would, in effect, repeal the controversial by-law.

instituted prior to the new ruling. I think it was a rather irregular procedure . . . I'm no longer keen about taking my patients there. I had intended to because of its proximity."

" . . . I think there are some very exceptional general practitioners. A limitation of their activities is not necessarily beneficial.

Not all doctors questioned about the policy criticized it. One physician noted:

"I do feel a man doing big surgery needs some advanced training. I really think in a few years the problem will be resolved in and of itself. The doctor may fool the public but he doesn't fool his colleagues."

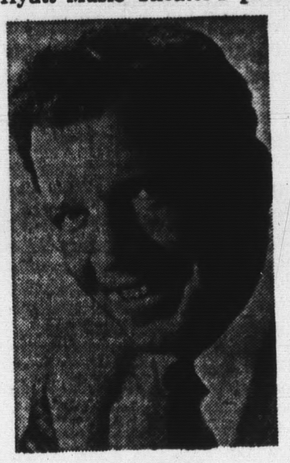
SOMETHING EXTRA has been added to the Fall Fantasy Luncheon and Fashion Show that will definitely make it the event of the fashion show season!

Mrs. Murray Freedman and the members of the North Peninsula Circle for the Florence Crittentor Home have succeeded in securing **Dan Dailey**, veteran star of stage, screen and television, to be mastr of cremonies for the November 12 affair.

Dailey, who will be in this area starring in the Hyatt Music Theater's production of Guys and Dolls, is sure to enliven the afternoon in his own inimitable fashion and provide a narrative with spirit and gaiety to equal the color and flare of the gowns and furs to be shown.



DAN DAILEY

According to Mrs. Freedman, chairman of the luncheon and show, The Fashion of Westlake and Minudri Furs will present the latest in fall styles and the designs in furs, which will be making their debut this winter season.

The Fifty-Plus Club of Pacifica will hold a victory dinner, regardless of who wins the election, next Wednesday, according to **Mrs. Edna Laurel Calhan**, president of the group.

Members and their guests are asked to make reservations now for the roast turkey dinner that is reportedly going to be complete in every detail down to the pumpkin pie for dessert.

Members tickets are being sold for $1. Guests will be admitted for $1.50, Mrs. Calhan has reported. Cooking the tasty repast will be **Mrs. Mildred Van deWater**, **Mrs. Bessie Attenisia**, **Mrs. Calhan** and **Mrs. Fay Bullock.**

MRS. KING B. EATON, publicity chairman of the Mary's Help Hospital Guild, reminds us that while Hallowe'en is just around the corner, down the street and coming up fast is the Christmas season with all its gaiety and good cheer. An integral part of that holiday spirit is the traditional exchange of Christmas cards and it is this particular aspect of the season to which Mrs. Eaton directs our attention.

The Mary's Help Hospital Guild is now offering a complete selection of cards and at a price range attractive to everyone. If you would like to select cards with which to warmly remember your friends at Christmas and make a contribution to the Mary's Help Hospital Building Fund at the same time, call **Mrs. Dino Tonelli**, PL 5-8328, and see the cards in her home at 91 Windsor Drive. Or have her bring the samples to your home, at your convenience, so that you can make a selection. Imprinting of names is included in the list prices of all the cards.

ANOTHER GROUP, vitally interested in the welfare and sustenance of Mary's Help Hospital, are the nurses of the Mary's Help Hospital Nurses Alumnae. This group is working with redoubled energies during the building period to insure the continuance of the accreditation of the hospital's nursing school even while its operation has been suspended temporarily.

According to **Mrs. Joan Hall Conway**, chairman of an alumnae reunion, the means of insuring the schools continued approval is to maintain a very active alumnae program during the interim. With this in mind, the members of the reunion committee have been spending long hours preparing a special gathering for members December 5 at the Lakeside Olympic Club. Approximately 200 graduates of the school are expected to gather for a champagne luncheon, a brief business meeting and a musical program which will feature **Mrs. Patti Stolz.**

Assisting Mrs. Conway with the planning are her co-chairmen, **Geri Carver** and **Pat Stakowick**; **Mrs. Nancy Nardini**, special feature chairman, and **Mrs. Mary Schwatz**, reservations chairman.

Alumnae officers who will be attending the gathering are **Marie Mahoney**, president; **Mrs. Christine Park**, vice president; **Catherine Cliscagne**, secretary; **Jerry Olsen**, treasurer, and **Mrs. Deloris Leonard**, parlimentarian. Sister Hermine will also be on hand and will speak to the assembled nurses.

Members who have not as yet paid their annual dues will be able to become current in their obligations by making payment to Miss Olsen during the meeting.

For reservations, call Mrs. Conway, JU 5-2910, before November 26. Tickets will cost $4.50 for members and guests alike.

Sugar 'n' Spice

By Nell Norton

WHEN AN ARTIST wants to create a Halloween scene, he frequently depicts an old witch bending over a bubbling caldron, stirring its contents with a large spoon and muttering "bubble, bubble . . . toil and trouble".

I don't know how you look when you cook, but this Halloween I'd like to suggest a dish that does, indeed, bubble, bubble. However, the toil and trouble has been reduced to a minimum.

Let's go back to an earlier time on this spooky day and see what we can prepare that will tempt appetites that are more interested in treats than in such mundane matters as meat and vegetables.

Remember I said we would bubble, bubble. Well what bubbles more than stew? So we can prepare a beef stew complete with vegetables and it will bubble away as we get the other many chores, such as last minute sewing on costumes, finished.

EASY BEEF STEW

2 pounds beef chuck, round or other stewing beef, cut in 1½-inch cubes.
3 tablespoons floor
2 teaspoons salt
¼ teaspoon pepper
2 tablespoons fat or oil
2 cups boiling water
2 bouillon cubes (beef)
1 clove garlic, peeled and crushed
1 tablespoon lemon juice
1 teaspoon paprika
12 small white onions
4 carrots, cut in quarters or strips
4 medium-sized potatoes, peeled and cubed
½ cup celery, cut in one-inch pieces

Dredge cubes of beef in seasoned flour. Heat oil or fat in heavy saucepan or Dutch oven. Add meat and brown slowly on all sides. Sprinkle with paprika. Dissolve bouillon cubes in water and pour over meat.

Add lemon juice and garlic. Cover and simmer for two hours. Add vegetables and cook for 30 more minutes or until tender. Remove meat and vegetables to serving dish and thicken liquid for gravy. Pour over meat and vegetables and serve.

SINCE THIS meal has all the vegetables in it, all you will have to serve with it would be a tossed salad and crusty French bread.

Each family has its own holiday traditions. We, for example, always serve pumpkin pie on Halloween. Not after dinner, for things are much to rushed at that time. But later when the trick or treat-ers are home and settled into bed and nothing seems so inviting as a good cup of coffee and a piece of pie.

This recipe is a standard and makes a delicious and very large pumpkin pie.

PUMPKIN PIE

2 eggs slightly beaten
1 can pumpkin (303 size, that's about 2 cups)
¾ cup sugar
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon ginger
¼ teaspoon cloves
1⅔ cups evaporated milk, top milk or light cream
1 nine-inch unbaked pastry shell

Mix ingredients in order given. (I always use evaporated milk. You can choose the type that suits your family's taste.) When well blended, pour into the unbaked pie shell. Bake in hot oven (425-degrees) for 15 minutes. Reduce temperature to moderate (350-degrees) and bake for approximately 45 minutes or until knife inserted in center of pie comes out clean.

PROBABLY the most obvious surprise of the 1964 local prep football season has been buried in the hurly-burly of the NPL title chase.

Terra Nova has won two games.

True, the victories have been against non-league opponents who weren't exactly loaded in the win column themselves. And the margins were scant and hard to come by.

But for the Tigers, a 14-12 win over Lick Wilmerding, and a 20-12 conquest of Half Moon Bay, represent a dawning, perhaps, of a distant but indeed, new pigskin era.

What headlines they've received have been concentrated on the battery of quarterback Mik LaFountain and end Ron Coleman, and the occasional power thrusts of fullback Larry Jenkins. But for once in the annals of sports, it may be that this time the coach is, indeed, the most important man on the squad.

Bob Fisher is his name and seldom has a new coach stepped into a less enviable position than did Fisher when he arrived from Corcoran, California, this fall.

Last year, the Tigers didn't come close to winning a game and this year they had virtually the same team returning, minus their only star — graduated quarterback Marty Coil.

As a wag once said: "The Tigers were small but slow."

But Fisher has won two games with them and nobody knows why.

His is no magical formula. Like many coaches, he's knowledgeable, experienced, firm but fair — a hard worker.

If there is a hidden factor, it has to be Fisher's patience. Like any other coach, he wants to win, and he makes his players believe there's no substitute.

But the ex-Whittier grid star is willing to wait, to build, and is realistic enough to know that Terra Nova isn't going to start knocking off South City and Westmoor. Not this year, probably not next year, but maybe in two years.

He plays his sophomores liberally, even though he knows he may be giving up, if not a game, certainly a touchdown or so somewhere along the way.

He treats his players with respect and honesty. He doesn't snow them, tell them they're primed for a big upset, yet they never believe there's not a chance of winning.

Maybe not this year . . . or next year . . .but maybe in two years . . .

NORTH PENINSULA League players, incidentally, are cracking Northern California prep statistics.

South San Francisco's spectacular junior halfback, Greg Jones, ranks a close third is rushing in the entire North state, and is 12th in scoring, and only a few points from seventh ranking. And Westmoor's Butch Elston is ninth in passing, South City's John Moro thirty-fifth.

Quite some feats when you consider they're competing against hundreds of other boys.

Perhaps this will be the year local boys earn some real consideration from the metropolitan dailies when they choose their All North State squads.

It's a recognition long deserved but rarely received.

THIS NEXT item is in response to cries of anguish we heard from gun fanciers after an October 7 column we did as a follow-up on our lambasting of organized Karate.

We started that hand guns should, along with self-defense forms of combat, be taken out of the hands of the general public. We felt that rifles and shotguns would be sufficient weaponry for hunters.

Just last week, Governor Pat Brown and Attorney General Tom Lynch conceded that it's virtually impossible to keep guns out of criminal hands and set forth legislative proposals aimed at preventing concealable hand guns from falling into criminal hands, i.e., falling into the hands of anyone except responsible people with legitimate reasons for holding such weapons.

Brown said: "I have no desire to restrict or deny the rights of legitimate sportsmen to follow the pursuit of sport," and added that he would vigorously resist unreasonable restrictions on hunting rifles and shotguns.

There you are, fellas. You still may not agree, but now you know this writer isn't the only "crack-pot."

AS YOU'VE no doubt already read, the Giants last week signed former Westmoor third-baseman Bruce Hix at something around $18,000.

This was a real local affair because Bruce was inked by Eddie Montague, who also resides in Westlake and who has been eyeing Hix since Bruce's early teen days.

It's about time the Giants signed a local boy and if you're worried over what they'll do with a third baseman when they already have Jimmy Hart and Jim Davenport around, forget it.

If Hix can hit like Montague thinks he can, you can rest assured the Giants will find a spot for him.

ONE THING you can say about 49er telecaster Bob Fouts. He comes up with new and interesting cliches every year.

This season it's "scrambling" and "second effort."

He's also become quite enamored with refusing to admit anything as being "official." Statistics, time-outs, score-board clock—nothing is "official" with cautious Bob who probably wears both belt and suspenders.

At one point during the recent Ram game when, after seemingly hundreds of "unofficial" observances, he cried out "Mira now has, unofficially, one complete pass in eleven attempts," we half expected him to add: "But OFFICIALLY, he's completed six out of twelve."

Come to think of it, somebody had better check the Coliseum press box. Bob may still be sitting there, waiting for OFFICIAL word from Pete Rozell's office that the game is over.

Warriors Overwhelm Jeff, 33-0

NPL Leaders Halt Indians' Aerial Attack

The Jefferson High School Indians entered the oldest prep football rivalry on the Peninsula again Friday and discovered that tradition is fine, but a limited quality in achieving victory.

South San Francisco, the powerhouse of the North Peninsula League, ran roughshod over its old adversary en route to a 33-0 victory marked by a pass defense that limited the Indians to 61 yards.

The forward pass is the chief weapon in the Indians' gridiron arsenal, and when the Warriors thwarted Jeff's air attack, the question of who would chalk up the victory in the traditional contest became blatantly obvious.

With tackles Joe Del Carlo and John Francis pressuring Jeff quarterback Bob Cuadra, along with linebackers Carl "Bozo" Olson and John O'Rourke, the Indians never got off their own reservation to make any type of scoring threat.

Jeff started the contest seemingly intent on beating the Warriors at their own game—running. Fullback Al Namanny took a Cuadra handoff on the first play from scrimmage and raced 37 yards to the Warrior 47-yard line.

Cuadra's pass on the next play, however, went astray and Bob Martinelli picked off the first of his two interceptions of the game.

The Indians' best drive of the day came late in the fourth quarter, when they moved to the Warrior 35 on Namanny's 19-yard run and 20-yard pass from Cuadra to Tom Bettencourt.

Cuadra, however, was dropped on successive losses totaling 20 yards by Warrior linemen Jack Martinez, Tom Johnson, Jim Panigada and Steve Saracino, and the drive stalled.

South San Francisco, a slow starter in past outings, got off to a similar start Friday, but changed form with 16 seconds gone in the second period.

Brilliant - running fullback Greg Jones, who scored three touchdowns during the day, broke off tackle and raced 50 yards for the Warriors' first score.

At 10:51 of the same period, Jones again got the call and sprinted 14 yards to paydirt. Olson's PAT mark of 11 straight kicks was broken when his try sailed off to the right.

Del Carlo and Smith threw vicious blocks that enabled Jones to break loose on a 37-yard scoring run in the third quarter.

South S. F. got another touchdown in the same period when linebacker Clarie Hollenbeck took a Cuadra pass that was deflected and ran into the end zone from 10 yards out.

The Warriors struck again with 9:20 left in the final period when reserve halfback Art Gutierrez dashed 46 yards on a reverse to the end zone.

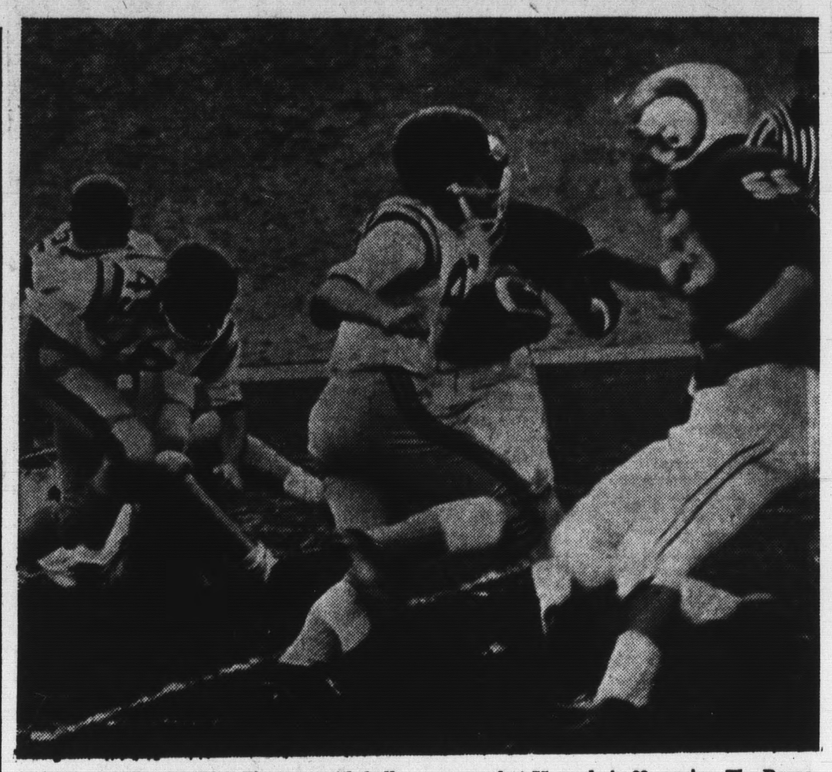
D. C. Slates Three Games

Three touch football games by teams sponsored by the Daly City Recreation Department are scheduled Saturday at Westlake Park.

They are: PAL Vikings versus Holy Angels Bears at 2 p.m. on field three; OLPH Hawks versus PAL Raiders at 3:30 p.m. on field one, and BYA 49ers versus PAL Eagles at 3:30 on field two.

BATTERY STOLEN

Raymond Mirado of San Francisco reported to Daly City police over the weekend that a battery from his motorcycle had been stolen while it was parked in front of 675 San Diego Avenue, Daly City.



TIGER HALFBACK Rich Zimmer, with ball, tries to squeeze between two Ram defenders for a gain. The hole closed fast as it did continually on the Tiger rushers who could garner but 75 yards in 32 carries. The Rams, on the strength of Mike Elston's passing arm, coasted easily to a 28-0 victory.

Rams Defeat Tigers, 28-0

By JOE WARD

Westmoor High School's "Green Machine" literally passed an easy test Friday in a North Peninsula League contest with Terra Nova.

The Rams turned the Tigers into a group of faltering felines en route to a 28-0 victory and only the sparse usage of first stringers from the opening quarter on prevented the game from ending as a slaughter.

In scoring their second North Peninsula League victory in as many starts, Westmoor clinched a first-place tie with unbeaten South San Francisco. The Rams have yet to taste defeat in a league game since the NPL was formed two years ago.

Quarterback Mike Elston had his best day ever, completing 10 of 12 passes for a phenomenal total of 271 yards and all four touchdowns.

The Rams first hit the scoreboard midway through the opening quarter when Elston hit receiver John "Hands" Price with a 40-yard scoring aerial. Westmoor began moving again early in the second period, when consistently fine running by Hal Rodriguez and Dave Dotur brought the ball to the Tiger 40.

From there, Elston fired another scoring pass to flanker-Back Bill Waite.

Westmoor's third touchdown caught both the spectators and the Tiger secondary by complete surprise. With the ball on his own 20, Elston rifled a short sideline toss to Price, who eluded defenders with some fancy footwork and good speed for an 80-yard scoring play.

With an underclassman lineup performing in the second half, Westmoor scored its final touchdown, and threatened consistently.

Elston completed his outstanding day by tossing a 41-yarder to right end Larry Baker for the final Ram touchdown.

Westmoor's defense was also excellent. Only two Terra Nova passes were completed and both lost yardage. The Rams' middle line also stopped Terra Nova's ground game, which accounted for only 75 yards on 32 plays. Half that total came on a 37-yard run by Larry Jenkins, the only threatening purr made by the Tigers all afternoon.

With victory assured, Coach Pete Matisi experimented by putting tackle Dan Hartman in at halfback. The 230-pound lineman turned in a fine job when called upon in the game's closing moments. He carried twice for 14 yards and completed a 29-yard pass to end Corky Phelps.

RUMOR ARRIVES TOO LATE

El Camino Downs Oceana

By REX APPLEGATE

A rumor that reached the bench of Oceana High School's football team (that Terra Nova was beating Westmoor) put some short-lived life into the team's gridiron efforts against El Camino Friday.

But both the rumor and the inspiration arrived too late to prevent El Camino's 13-0 victory over the Sharks in a coast-side North Peninsula League game.

El Camino had already scored, once in the first and second quarters, en route to its first league win in two tries, on two electrifying plays among the longest recorded by any prep aggregation this season.

Early in the opening quarter, halfback Mickey Ackley escaped Oceana tacklers and raced 85 yards from scrimmage for the Colts' opening touchdown.

Later in the second period, El Camino got possession of the ball again on their own 25, after forcing Oceana to punt on fourth down.

Five plays and 22 yards later, Ackley passed to end Bill Jones on another touchdown play, this time for 53 yards. Jones kicked the extra point for the game's final tally.

It was late in the second quarter when the rumor of Terra Nova's lead over Westmoor started circulating. It apparently had some effect on the Sharks for the second half was a complete standoff, with neither team seriously threatening.

Wherever the rumor developed, the source was obviously poorly informed. Westmoor had a 21-0 lead over Terra Nova at halftime and was never behind the Tigers at any point during the afternoon.

Oceana, which has now lost twice in two games, takes on formidable Westmoor this week while El Camino squares off against city rival South San Francisco.

El Camino	6	7	0	0—13
Oceana	0	0	0	0— 0

Scoring: El Camino—Ackley, 85-yard run (kick failed); El Camino—Jones, 53 pass from Ackley (Jones kick).

WE URGE YOU TO VOTE

NO ON 14

HERE'S WHY:

The LEGAL reasons:

The real aim of Proposition 14 is to nullify the Rumford Fair Housing Act. As worded, however, IT DOES FAR MORE THAN THAT. As worded, it will deny every governing body in the State, from the Legislature on down to the council of the smallest town—including the county governing bodies AND EVEN THE COURTS—the right to protect any citizen from discrimination in housing EVER AGAIN. It's like the housewife who finds one potato she doesn't like in a bag, throws the entire bag in the garbage, and vows never to buy any more potatoes! Does that make sense? Proposition 14 would thus allow the kind of discrimination that flourishes in Mississppi, and would prevent any governing body from protecting the people of California from prejudice, bigotry, and hate.

The MORAL reasons:

Proposition 14 would allow property owners the right to ABSOLUTE DISCRETION in renting or selling their property. In a democratic society, NOBODY can do everything or anything he wants to do. Do you have the right to set fire to your neighbor's house? Of course not. People in a democracy must behave in ways that are not only best for themselves, but also in ways that are not harmful to their neighbors. The wording "absolue discretion" in Proposition 14 allows a property owner to indulge in his prejudices at a time when the goal of America is toward improving the lot of all citizens. It's true "you can't legislate morality." But you can't legislate safe driving, either. Instead you pass laws that ALL drivers must obey—laws like "you must stop at red lights," and "you can't drive on the left side of a two-way street." If you grant every citizen "absolute discretion" to do whatever he wants to do, regardless of the harm he may do his neighbors, you allow hate, prejudice and violence to rule. Does that make sense to you?

The FINANCIAL reasons:

If Proposition 14 passes, the Housing Administration will be forced to call for cancellation of some $237 million in Federal housing aid to Calfornia cities for building better housing, for college residential construction, and other vital housing programs. This is because Title VI of the new U.S. Civil Rights law provides that no person shall be subject to racial discrimination in any program receiving Federal aid. BY LAW, Federal funds MUST BE WITHHELD where discrimination is permitted. Thus, Proposition 14 would not only cut off those $237 million, but just think of the people who would lose their jobs or who couldn't get jobs in the construction industry, the banking and mortgage industry, the home furnishing industry, the furniture industry, and all other industries associated with housing needs—including the real estate sales industry! We just plain can't afford to risk the loss.

Next week, the Broncos will meet the OLPH Orioles.

SIXTH GRADE

For their third straight win, the OLM Falcons this week relied upon their lineman to keep the opposition Cougars out of the end zone. This is the third game where the opposition has failed to score upon them.

Touchdowns for the winners were engineered by Tim Denning and Brian Thenesler.

The PAL Tigers ran into a determined BYA Renegade team but still came up with four touchdowns. Star passer Vince Haymaker, hit his favorite target, Alan Spitzer, and also tossed another one to Randy Fitzgerald, who lateraled to Steve Azarello for the score.

Steve Azarello scored again on a 25-yard ramble. The final score came on a pass from Smokey Burgess to Dave Bias. Damon Katz intercepted six of the Renegade's passes.

Tim Kimball led the PAL Indians to a win over the PAL Rams. This was the Indians' first victory in league play.

Kimball ran for two TDs and tossed to Bill McMenommny for the final score. Ram fans had a chance to cheer when Robin Crawford traveled 60 yards for a touchdown.

SEVENTH GRADE

The Seventh Grade League finds the PAL Eagles and the PAL Raiders battling it out for the championship. Saturday, these two teams will meet to determine the championship of the Seventh Grade League.

Last week the Eagles rambled by the BYA 49ers, 36-0. Quarterback Russ Federico unwound with five touchdown passes for the Eagles. Federico hit Larry Belfrage, Herb Accention and Jerry Mahood.

The PAL Raiders matched the Eagle win with a 58-0 win over the OLPH Hawks. Bheind the tough Raider line, Phil Baldwin had a field day, connecting seven times for touchdowns. Dave Goldman was the target on three of these passes.

Craig Mattus caught one, Pat O'Neil was good for two and Maurio Salzano accounted for one. Salzano and Ross scored on runs.

The PAL Vikings finally got into the win column at the expense of the Holy Angels Bears, 41-6. Rich Saiz started the touchdown parade with a 50-yard punt return. Art Wilcox next picked off a Bear aerial and rambled 25 yards for the second TD.

Bobby Smith hit right end, Ed Nessle, for the final touchdown of the first half. A double reverse pass from Rich Saiz to Lee Trobock opened scoring in the second period.

Max John returned an intercepted pass for another second period TD 35 yards. Earl Wilson broke through the line for a two-point safety later in the game.

Losers Win Colma Title

The Losers downed the Bulldogs, 28-22, last week to take the championship of the seventh and eighth grade football league at Colma School. Frank Rebarber passed to Charles Brusco in the last 13 seconds of the game for the winning touchdown.

In the semi-finals, the Losers defeated the Mustangs, 25-19, in a sudden death playoff. The Losers came from behind with a final minute touchdown to grab victory.

The Bulldogs defeated the Fugitives, 21-10, to reach the championship playoff. in other games, the Fugitives downed the Mustangs, 15-0, to end the season in third place.

The play will also be presented Friday, on Thursday, November 5 and Friday, November 6.

With the setting in Amsterdam, the "Diary of Anne Frank" reveals the daily life of several people who were forced to hide in a barren attic to escape the Nazi concentration camps. The play is based on an actual diary which was kept under similar circumstances during the war.

The story was first made into a play in 1955.

Elaine Pistoresi will play the featured role of Anne.

Included in the cast are Paul Reinhardt as Mr. Frank, Linda Woodworth as Miep and Chris Wigton as Mrs. Van Daan.

Bob Garland, who has had no previous acting experience will take the role of Mr. Van Daan. Ron Giner will act as Peter Van Daan and Carrel Boyd will appear as Mrs. Frank.

Maureen Mashinot, who appeared in last year's musical production of "Seventeen," takes the role o Margot Frank.

Featured in other roles are several experienced actors. Ron Wagner, who held a lead part in last year's production of "Twelve Angry Jurors," assumes the role of Mr. Kraler. Another "Juror" player is Rich Davenport as Mrs. Dussel.

They were: Bovines — monster maze and pie throw; Casualiers —gorilla shoot and coin in the barrell; Hi Fi—record smash and special event program; Imperials — cake walk and gold fish booth; Ticky Tacks—Balloon throw and dip tank; Know Names—giant sling shot and dip tank; Majestics—Chuek clown and pool shoot; Roof Raisers—hi low and raffle, and Telstars —dime pitch and cat throw.

The clubs will share in the operation of general carnival booths of refreshments, tickets and prizes.

The carnival will be held from 1 to 11 p.m. on Saturday and from 1 to 5 p.m. on Sunday. Proceeds from the events will go to each club to help defray the cost of their activities.

Terra Nova Topics

By LOU ANN ANDRE

WHO IS to become Terra Nova's first homecoming queen? This has been the big question being tossed about the campus recently. The crowning is scheduled for November 13, during the junior homecoming dance.

The Future Business Leaders of America Club has been given permission to continue full speed ahead with their plans for the queen contest. All clubs, organizations and classes at T. N. have been busy making final decisions on their nominees. The chosen girl will be entered and enthusiastic campaigning will begin.

During a given period, students will purchase tickets in front of the gym in the name of their favorite candidate. The girl receiving the most tickets in her name will become queen.

Tickets will cost 5 cents each, or six for 25 cents, and the money will go towards a trip to the National FBLA Convention for many FBLA members. Names will appear next week when all candidates have been submitted.

IT'S STUDENT of the Month time, and the first to be given this honor by the student newspaper, Tiger Tales, was Terry Walker. Terry is Terra Nova's student body president. He has lettered in various sports and is an active member of many organizations in school.

Who likes Mexican Fiestas? I do, and I am sure many others do, too. Get your calendar out right now and circle November 6, because Terra Nova's P-TA will hold a Mexican Fiesta that night from 7 t o10 p.m.

WESTLAKE'S JACK KENDREE

A Man of Many Hats Starts His 15th Year

(Editor's Note: Two weeks from Friday, Westlake's U. R. (Jack) Kendree will start his 15th year with the Henry Doelger corporation. This article reviews the past 14 and the role Kendree has played in the Daly City community since he came here in 1950.)

By DON MILLER

IF WESTLAKE'S Ulmont Redvers Kendree ever decided to wear a different hat for the multitude of roles he plays in the Henry Doelger organization, he'd need a hat rack the length of the shopping centers he oversees.

For this corporation official known as Jack to his associates rather than by the Christian name of his English-Scottish ancestry comes as close to the figurative jack-of-all-trades as any business leader could.

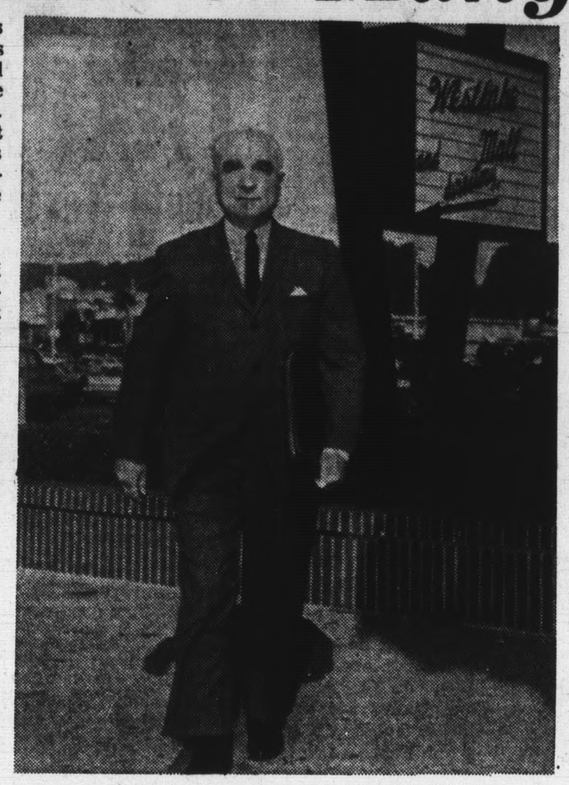
Manager, retailer, accountant, public relations man, realtor, advertiser, civic leader, devoted father of three—these are all descriptions that fit Kendree — an executive whose enthusiasm for a pot pourri of responsibilities belies his 63 years.

The key to this enthusiasm and a rise through the Doelger ranks to his position as managing director of shopping centers is best summed up in Kendree's own words: "I like people best of all."

It was this part of his make-up that led to a friendship with builder Henry Doelger back in the 1940s when Kendree was employed in the sales division of an oil company. Doelger was one of the company's customers.

The firm asked Kendree to take over a new post in Montana but rather than leave the California he and his wife had grown to love, he accepted an offer from Doelger to become manager of the builder's service department.

The Kendrees moved to 80 Montrose Avenue and thus became one of the first residents of Westlake. They have lived there ever since.



AN IMPORTANT part of Jack Kendree's daily routine is a quick inspection tour around the Westlake Shopping center before the business day begins. As managing director of the center and other Doelger shopping center areas, he's ultimately responsible for the face Westlake shows to the public.

LOOKING BACK at that big change in his life (he had been in the oil business 30 years), Kendree recalled:

"Everything I learned in the oil business I have been able to put to use in my work with Doelger—writing leases, managing men, accounting, public speaking."

When Kendree joined the service department, it was a department more in name rather than in fact. He went on to organize this sensitive division of Doelger's operation and see that it ran smoothly and efficiently.

Today, the department is responsible for the maintenance and repair of all the corporation's properties— including the Westlake and Skyline Shopping Centers and the Westlake Medical Center.

With the service division successfully launched, Kendree moved up the Doelger ladder to a new position, manager of the Westlake Apartments—then under construction.

It was his job to see that the apartments, which eventually totaled 2,200 units, were filled as soon after completion as possible. In this post, he found that his lease-writing experience with the oil company was invaluable.

From manager of Doelger's apartments, Kendree took over a demanding position that has occupied his time every since—managing director of the Westlake Shopping Center—a complex of stores that has become one the largest suburban retail centers in Northern California.

The shopping center opened in 1951 with the Westlake Food Center as its first store. Today it boasts 91 businesses and includes what Kendree proudly calls a "well-balanced" and "representative" roster of merchants.

In 1960, Doelger's second shopping center, Skyline Plaza, began operation and Kendree moved up another notch to his present post as manager of not only Westlake and Skyline but of any future centers the company may build in its new Fairmont subdivision and in a large tract of land the company has acquired in the Montara area.

IT IS IN the nature of his job as director of the shopping centers that Kendree could wear a different hat of responsibility almost every hour of the day.

One of his roles is to find prospective tenants for stores and, understandably, these tenants must measure up to a well-defined standard that Henry Doelger long ago decided would have to be maintained if his shopping centers were to offer good quality and service.

For example, two very basic requirements prospective tenants must meet before Kendree will start thinking seriously of them as members of the center's family of merchants are a history of successful operation and a sound financial statement.

As a result, the Westlake Shopping Center in its 14-year life has never had a store failure or bankruptcy and during this time, there have been only three store changes.

Once a store tenant has been found and accepted, Kendree's job has only begun.

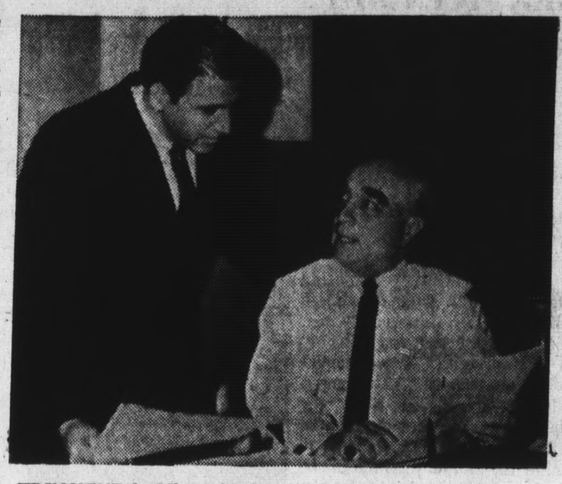
He then becomes a sort of retailer, public relations expert, counselor, sales promoter and business confidant —all roles he uses to spur the business of each merchant and the shopping center as a whole.

HOW WOULD a "typical" day in the life of Jack Kendree unfold? On a day the interview upon which this article is based took place, this was his schedule:

At 8:15 a.m., he drove around the Westlake Shopping Center for a general inspection of the grounds—a daily routine he has followed ever since taking Westlake's helm.

At 8:30, he sat down with the staff of the Doelger people who work with him and under his direction and went over the sales and advertising campaigns of the next 30 days.

At 10 a.m., he joined advertising-promotion director Gene Perry for a meeting of the Westlake Shopping Center merchants' association to discuss promotions, budgets, complaints and the main topic of the session that day —the importance of employe training.



FREQUENT huddles with Morris Levine, left, president of the Westlake Shopping Center's Merchants' Association, are a key link in the liaison Jack Kendree maintains between Henry Doelger Builder Incorporated, owner of the center, and the merchants.

He returned to his office and wrote two rental leases. At 11:25, he called a prospective tenant who was in business at the time in Stonestown and found out the merchant might be interested in moving to Westlake.

Telling the businessman he wanted only 15 minutes of his time and that he could be there in seven minutes, Kendree drove to Stonestown, picked the merchant up, brought him back for a tour of the Westlake store that would be vacant and then drove him back to his business—all within 15 minutes.

AT NOON, he lunched with Doelger vice president Edward King, an engineer and a public relations aide.

Afterward, he discussed current problems in the policing and security of the shopping centers and Doelger construction projects with Henry Gross who commands a 10-man force equipped with three patrol cars, a motorcycle and walkie-talkie radios.

At 3 p.m., he began work on correspondence, wrote leases and prepared agendas for two merchants' meetings.

At 5 p.m., he met with an orthodontist to iron out final arrangements for space the orthodontist would rent in the Westlake Medical Center.

He left the office at 6 p.m., grabbed a quick bite to eat and drove to the coastside for a planning commission meeting that went on until 11 p.m.

HAND-IN-HAND with Kendree's activity-crammed business life is a full schedule of civic and fraternal activities.

As the official greeter of the Daly City Rotary Club, an organization he founded in 1954, he figures he's poured 60,000 cups of coffee for members in the 11 years the club has been meeting—and he hasn't missed a meeting yet.

He's been a director of the Daly City-Colma Chamber of Commerce for nine years and twice served as the chamber's president.

One of the activities he treasures most is his work with the Boy Scout movement—an association that is now in its 51st year.

Kendree also has a more than an average interest in libraries for his wife is chairman of the Daly City Library Commission and together they are among the most active members of the Daly City Friends of the Library.

OF THE pat-on-the-backs he's received during the years for his work behind a Doelger desk or behind the gavel of a civic group, one he values highly is the inscription on a photograph of his boss that hangs on the wall of his office.

It would be accurate to say that Ulmont Redvers Kendree never has stopped going. Rather, Doelger's exhortation probably only made the going "go" at a faster clip.

A FOUNDING father of the Daly City Rotary Club, Jack Kendree has been its official greeter since it was organized. He's poured some 60,000 cups of coffee in this role. Wearing the greeter's official hat, he pours coffee here for Rotarian Fred Benetti.

Church Plans Six Meetings On Progress

Six "Fireside Cottage" meetings will highlight the fall stewardship program at Bethehem Lutheran Church, located in Fairmont of Pacifica. These meetings will be held in various homes of the congregation beginning Sunday, and continuing until Thursday, November 5.

According to Richard Rojas, chairman of the stewardship committee, the purpose of the meetings will be to acquaint the members with the progress and future of the church and discuss how each family can have a part. Slides will be shown which will depict the history of Bethlehem since its beginning in October of 1962.

The six families that will host these gatherings are: Robert Eversons, 3251 Susan Drive, Al Johnsons, 2601 Chabot Road, Robert Palmroses, 2641 Oakmont, and Patrick Strain, 3850 Colby Way of San Bruno, and Raymond Morkves, 736 Arleen Drive, and Richard Rojas', 208 Gateway of Pacifica.

The Junior League of Bethlehem is planning a Hallowe'en Party for Friday, from 7 to 10 p.m. to be held at the new church building, 533 Hickey Boulevard in Fairmont. Young people in seventh and eighth grades are invited to attend.

Herbert Long, Bethel secretary, presented plans for the second phase of the building program.

The dinner was prepared by the ladies of the Women's Missionary Council and served by young people of the church.

New Church in Colma Formed

It is called the Peninsula Church of Christ and services will be held at Olivet Chapel, Hillside Boulevard and F Street in Colma until a permanent building can be built or bought.

Reverend Stram said the church has no denominational affiliations, but is seeking to follow the simple plan for Christianity as found in the Bible.

Preaching services will be held every Sunday at 11 a.m. and 7 p.m. Bible School, with classes for all ages, will be held at 9:45 a.m. Sunday. A class for children and a class in personal evangelism for youth and adults will be held at 6 p.m. Sunday.

A midweek "Hour of Knowledge and Power" is scheduled Wednesdays at 7:30 p.m.

Reverend Stram has preached and evangelized in about 30 states and 4 provinces of Canada. He has conducted three special evangelistic missions to Jamaica, West India Islands.

He was the founder, and for 13 years the president, of Dakota Bible College in Huron, S. D., a school for training preachers, missionaries and evangelists. He is now president of Global Gospel Service, a corporation for writing, printing and distributing gospel tracts and Christian literature.

JUHS, Pacifica Agree on Use of Terra Nova Pool

The City of Pacifica has been given a green light to use the Terra Nova High School swimming pool during summer months and on some weekends when it is not being used by the Jefferson Union High School District.

The City Council, Park, Beach and Recreation Commission and the trustees of the district met jointly last week to discuss the use of high school facilities by community groups.

Dick Coltrell, administrative assistant to the district superintendent, said that in addition to the Terra Nova pool, the city also will be welcome to use any other school facilities without charge while the district is not using them.

By the same token, he added, the district will be welcome to use city facilities when they are not in use.

In a round table discussion, officials discussed school dances and recreation department dances. City Mgr. Karl A. Baldwin suggested that standards consistent with school dance rules be developed to govern city dances held on school property.

Coltrell noted Daly City has used school facilities in the past for city dances and that Pacifica is interested in similar co-operation with the school district for recreation department teen dances.

The district requested city officials to begin developing preliminary plans for softball fields that would be submitted to the district for further joint city-district consideration.

Baldwin brought up the subject of joint purchasing between the school district and city. It was pointed out that tax savings would be possible through close co-operation between Pacifica and the district.

VANDALISM REPORTED

Standard Builders Company of San Francisco reported to Daly City Police vandals broke several windows in a block of new homes on Alta Vista Way.

Three U.S. Presidents:

cleared the tracks nationally for railroad peace – Let's complete the job in California!

PROPOSITION 17 makes it possible for California to put into effect the national transportation settlements—worked out by Congress and Presidents Eisenhower, Kennedy and Johnson—which eliminate wasteful featherbedding in the railroad industry under terms that insure maximum job protection, yet retain two men in the cab of all trains.

These settlements are now in effect in most states—but not in California because of a conflicting "horse and buggy days" law which Proposition 17 repeals.

To help keep freight rates down—

Termite Control Measures Aired

By LORENE BEASLEY
Editor, Better Bureau

TERMITES, feeding on wood, cause millions of dollars of damage each year in virtually every section of the country.

Responsible companies offer effective methods for preventing termites and homeowners who deal with them will find their solution to any termite problems.

As in every industry, there are unethical, incompetent and downright dishonest companies who prey on the gullible public. They arouse a sense of panic in the unwary and seldom provide the protection that they promise.

Most property owners panic when told termites have invaded their home. The National Pest Control Association advises the homeowner not to panic. It is such panic buying of termite control and an overall unawareness of the manner of termite control that keeps quick operators going.

TERMITE-RIDDLED structures are frequently plagued by sagging floors, cracked walls and doors and windows out of line, but it is rare for a house to suffer the sort of damage that would lead to its collapse.

Floors have given away under heavy weights such as pianos and refrigerators (it happened in the White House during the Truman administration), but usually termites work slowly and weeks or even months actually makes very little difference.

Termite control should be considered as another repair that is necessary to maintain house in sound structural condition. Many householders are sufficiently skilled to do minor repair jobs but few are able to effectively cope with termite damage. Damage occurring in the heavier structural members of a building is a job only for the experts.

NATIONAL Pest Control Association recommends that the houseowner purchase his termite control service with the same care and discrimination he would use in the purchase of any other service for his property.

Always deal with a reliable and established firm. Get advice from your Better Business Bureau, your County Agricultural Agent or your State College of Agriculture.

Beware of the salesman who represents himself as "an inspector" or a 'Government inspector." There are no such things in termite control!

Beware of an operator whose price is ridiculously low when compared to other firms who bid on the job. There is a small group of operators who, while attempting to do an honest job, simply lack the technique and training to provide effective control.

Beware of a service whose cost is based on the number of gallons of chemical material used. This is often the sign of an unscrupulous operator, since chemicals are a comparatively minor part of the cost of a thorough control job.

Check the references and upon the reliability of the termite service you are considering.

Investigate before you invest!

MRS. HOLLIS C. COLSON of 232 Longford Drive, South San Francisco, holds two tickets to the Seaview Theater in Pacifica she won by spotting her name in the Business Services Directory of last week's Post. The free tickets are a regular feature of the directory, which may be found on Page 36 of today's Post.

Coast Youth Convicted of Manslaughter

A 17-year-old Pacifica youth was found guilty of manslaughter last week in connection with the deaths of three members of a San Francisco family in a head-on auto crash.

The youth, Donald E. Gramlich of 205 Edgewood Avenue, was remanded to San Mateo County probation authorities.

The guilty verdict was handed down by Referee Forest Peterson after several lengthy hearings in San Francisco Juvenile Court.

Gramlich was identified by investigators as the driver of an auto that collided with a Volkswagen bus driven by Matoko Fujimoto, 18, of San Francisco, early August 29.

The impact shattered the bus and killed a brother and sister of the driver. A second sister died later of injuries received in the crash.

A toxicologist testified during the hearings that Gramlich had an alcohol blood count of .16 at the time of the accident. San Francisco police testified that he had been driving at 55 miles an hour in a 35-mile an hour zone.

Salesman Is Injured by Auto Vandal

A 52-year-old auto salesman in Daly City suffered a broken left wrist Friday morning when a youth he had helped apprehended in connection with car vandalism knocked him down while attempting to escape.

The salesman, Paul Schamp, 52, of 3931 Chilton Lane, San Bruno, was admitted to St. Luke's Hospital in San Francisco. He is employed by Gateway Chevrolet at 7400 Mission Street, Daly City.

The youth was arrested by police and charged with malicious mischief. He was remanded to juvenile authorities.

Investigators said the boy and a number of companions had been driving autos around Gateway's lot on Hills Street and had damaged a number of cars.

Another salesman, Robert R. Eisenman, 37, of 1409 Merchants Street, Millbrae, had caught the youth trying to flee. His companions escaped.

Pacificans Ready for Mock Crash

Zero hour for a mock airplane crash to be staged by Pacifica's Civil Defense and Disaster Council will be 7 p.m. tomorrow, according to Paul Rushing, deputy director of the council.

Approximately 200 workers will spread throughout the drill area to gain experience in the tasks they would be required to perform in case of actual disaster.

Focal point of action will be the Eureka Shopping Center, locale of the simulated crash. A field hospital will be set up there.

The shopping center also will be the site for motion pictures to be shown by the American Red Cross.

Rushing said the drill will test new alerting and mobilization procedures recently rewritten by the council in conjunction with the American Red Cross and San Mateo County Medical and Health Corps.

METER BROKEN

Daly City police last week found that a parking meter had been broken from its base on Los Banos Street near Mission Street.

Skating Center to Open In St. Francis Square

A new ice skating center, the first of its kind in Daly City, is scheduled to open in the latter part of next month in the St. Francis Square Shopping Center.

John Adams, owner and director of the center, said that professional ice skating show stars will perform in former Ice Follies costumes on opening day.

He added that the center will house the world's first children's ice ballet theater school and will be the home of the adult professional local and touring ice show company, Ice Caprice.

In addition to public skating sessions, a number of skating instruction programs will be offered — ranging from regular classes to specialized training and private lessons.

Also planned are after school skating classes, a special teen club session and family night programs.

JOHN ADAMS
Center Director

On opening day, children under 12 years of age will be admitted free. Skates will be available for rental at a small charge, Adams said.

Swimmers Saved Off Coast

Two teen-aged swimmers from San Bruno were rescued by four Peninsula surfboarders on the northern end of Pedro Beach in Pacifica last Wednesday afternoon after a companion came close to drowning as he made a heroic but unsuccessful effort to save his friends, police reported.

Treated for shock and immersion at Peninsula Hospital and then sent home were Wayne Johnson, 16, of 2861 Evergreen Avenue; Paul Musante, 15, of 2140 Fleetwood Drive, and Michael Skinner, 17, of 125 Piedmont Avenue, all of San Bruno.

According to Pacifica police and firemen, Johnson and Musante were swimming about 100 feet offshore north of the Wander Inn when they became involved in trouble.

Noticing their plight, Skinner swam out to assist his friends, but became caught in the surf himself.

Skinner, who barely made it back to shore, suffered more than his two companions, firemen, who administered oxygen to all three, reported.

Bunnies Are Inspiration For Biscuits

These delicious little bunny-inspired biscuits, hot from the oven, offer a surprise treat no matter when they're served the year 'round. Made with cake flour and glazed with orange juice, these excellent biscuits are perfect for a child's party, an afternoon tea (or coffee) or for just making breakfast a gay speiial occasion.

ORANGE BISCUIT INSPIRATION

- 2 cups sifted cake flour
- 2 teaspoons double-acting baking powder
- ¾ teaspoon salt
- 5 tablespoons shortening
- 2 teaspoons grated orange rind
- ½ cup milk
- 4 tablespoons granulated sugar
- 2 teaspoons grated orange rind
- ¼ teaspoon (about) orange juice

Sift flour, baking powder and salt. Cut in shortening. Add orange rind and blend. Add milk and stir with fork until soft dough is formed (about 20 strokes). Turn out on lightly floured board and knead 20 turns. Pat or roll lightly ¼ inch thick.

Cut the following circles for each bunny; one 2-inch circle for body; one 1-inch for head; and two ¾-inch for ears. Arrange on ungreased baking sheet to form bunnies, placing each 1-inch circle above the 2-inch body circle, moistening eges of circles with milk where they meet. Pinch edges of each ¾-inch circle to make ears and mount on head. With leftover dough, form small balls and place at lower edge of each body circle for tail.

Prepare a thin glaze by combining sugar and orange juice. Brush lightly over the bunnies. Bake in hot oven (450 degrees F.) 8 to 10 minutes, or until done. Serve hot. Makes about 10 bunnies.

Use Mixer to Make A Better Pie Crust

Make pie crust on your mixer? It's true! An exciting new method of pastry-making that lets you beat the dough on your electric mixer has been developed.

Using instantized flour and an electric mixer, you'll quickly get better results than with any crust you ever worked and worried over. This new method cuts pastry-making time in half, yet consistently gives you tender, flaky pie crusts. It's terrific! No more tedious cutting-in of shortening by hand—your mixer does all the work for you and eliminates guesswork!

Homemakers who have tried the new mixer method of pastrymaking say it produces the easiest and best pie crusts they better than mother's." Several have ever made — "even who never had good luck with pastry say they now can make wonderful, tender pie crusts with the new mixer method and instantized flour.

Here is the recipe for Caraway Pastry — perfect topping for a hearty beef pot pie or stew. The flavorful caraway seeds add a touch of the unusual to the tender crust. It's made quickly and easily by the mixer method—try it soon!

CARAWAY PASTRY

- 1 cup instantized all-purpose flour
- ½ teaspoon salt
- 2 teaspoons caraway seeds
- 1-3 cup plus 1 tablespoon hydrogenated shortening
- 2 tablespoons water

Heat oven to 425 degrees. In large bowl, stir together flour, salt, and caraway seeds. Add shortening and mix at low speed on electric mixer, about 1 minute, or until shortening is evenly cut in. Scrape bottom and sides of bowl constantly. Gradually add water and continue mixing on low speed until all flour is moistened, about 1 minute. Gather dough together with fingers so it cleans the bowl. (If needed, 1 to 2 teaspoons water may be added.) Press firmly into a flattened round.

Roll out pastry to fit top of 1½ to 2-quart baking dish. Fill dish with your favorite beef stew and cover with pastry. Trim pastry. Seal by pressing gently with fork or by fluting edge. Make three to four slits in pastry to let steam escape. Bake 30 to 35 minutes, until golden brown. Six servings.

Bruno P-TA Sets Yearly Carnival

Parkside P-TA is busy planning its annual carnival, which is set for Saturday, November 7, from 1 p.m. to 6 p.m. A definite theme has not been named. However plans are being made to tie it in with the football season.

The booths featured will be: hoop-la; color spot; animal pitch; milk bottle; rolldown; grabbag; gorilla shoot and tic-tac-toe. Ray Augustis will be in charge of continuous bingo, with bags of canned goods as prizes. The ticket booth will be manned by the teachers, under the direction of Ray Stagnaro, P-TA treasurer. As a special attraction, "Charcoal Side Sketches by Jon" will be featured. There will also be a food booth to satisfy all appetites.

Mrs. Emile DeAntoni, chairman, has named her committee as follows: Mrs. Joseph Geyer, Mrs. Curtis Flint, Mrs. Joseph Castilli, Mrs. Harold Hoffschildt, Mrs. DeWitt Samora, Mrs. Clarence Kerker, Mrs. Henry Olsen, Mrs. Sidney Ingalsbe, Mrs. Robert Brodsky, Mrs. E. A. Sandburg, Mrs. Morris Silver and Mrs. Daniel Staab. Mrs. Charles Wright, president, will serve on the prize control committee with the chairman.

CHEERFUL NIBBLERS

Ripe olive nibblers will cheer after-the-game guests.

Stuff pitted ripe olives with pieces of Cheddar cheese or whole toasted blanched almonds.

Chop ripe olives and mix with dairy sour cream, curry powder, chopped onion and garlic salt; serve potato chips and drained whole vertical pack green beans as "dippers."

Candle Class At San Mateo

The San Mateo Recreation Department will sponsor a candlemaking class at Central Park Recreation Center, Fifth Avenue and El Camino. The series of three sessions will begin on Wednesday, October 28 at 8 p.m. The cost for the entire series is $2.00. Participants will be provided with enough materials to make and decorate one candle.

Pre-registration is necessary for the candlemaking class and may be made by calling the Recreation Department.

Fun Night Slated For No. County

Neighboring Beta Sigma Phi chapters have been invited by Xi Kappa Upsilon to join with them for a fun night tonight. The evening is designed to promote inter-chapter friendships, and chapters from Pacifica, Daly City, and South San Francisco are expected to attend.

Card games will be featured according to Mr. Edgar Hornig, ways and means chairman. The chapter has collected an impressive array of prizes for the event, and no player should leave without some token of her prowess.

Tables will be set up at Carlton Corners House at 8 p.m., with refreshments being served following the games.

Hostessing duties have been assigned to Mrs. Donald Strand, Mrs. Stephen Wargo, Mrs. Evertte Larson, Mrs. Russell Lee, Mrs. Clyde Osborne, Mrs. Stanley Billett and Mrs. Don Banks.

In other chapter activities, Mrs. Larson opened her home to members and guests for a model meeting. The theme chosen was "Good Lives" and Mrs. Osborne gave a biographical sketch of a scientist, an inventor, and a philanthropist. A short resume of the aims and purpose of sorority life were outlined for the guests.

Chapter president, Mrs. Russell Lee attended a brunch given by the Northern Area Council on Sunday of last week at the Diablo Country Club in Danville. While there she presented a check to the sorority's philanthropic chairman to be forwarded to the National Foundation for Cystic Fibrosis Research. The sum represented proceeds from the chapter's spring Flea Market sale.

On Thursday, November 5, the group will forego their regular meeting in favor of attending a performance of "Sound of Music" at the Hyatt Music Theatre.

Highlands P-TA Slated

Highlands School P-TA is presenting "Fashions in Your Future" at Green Hills Country Club on October 31 at 12:30 p.m. The co-chairmen for the event are Mrs. Edward Kazanjian and Mrs. L. H. Bachman.

Scruggs; teachers: Miss Suzanne Ryan, Miss Sue Thompson, Miss Mary Shaw, Miss Sheryl Still, Mrs. Freda Higley and Mrs. Donald Hansen.

The table decorations, "the Signs of the Zodiac," will carry out the theme of the fashion forecast. "Gaitan o," a Gypsy palmist, will foresee the "future" of those crossing her palm with silver. Ticket reservations for the luncheon may be made by calling Mrs. Torok. A "Gentlemen's" table is being arranged by Lionel Traube.

Peninsula Panorama

By GEORGE WHITESELL

Most Peninsulans, from housewives to executives, are busy people. And a lot of them are busy, busy, BUSY!

They are in a rush from the time they step into the shower early in morning until they race to get dinner ready, or to get home and eat it.

And even this does not relax the tempo for many of them—they have homework, meetings to attend, letters to write and bills to pay, clothes to mend, and dishes to wash.

☆ ☆ ☆

By the time they hit the sack they are really dragging.

☆ ☆ ☆

It might be a good idea for a lot of them to ask themselves if all this endless, frantic drive is really necessary?

Unfortunately, quite a few will say that it is and be able to prove it. If all the things they must do don't get done the whole structure of life they have erected for themselves might come toppling down about their ears.

If they can't continually prop up the foundations and brace the rafters the roof will fall in.

☆ ☆ ☆

The bank account will go pffft, the car payments will go bang, and the mortgage will fall due with a wham!

☆ ☆ ☆

This department wishes it was wise enough to come up with an answer for these folks, but it cannot. The only thing we can tell them is to take a good look at the situation and see if there is some point ahead where they can stop for a breathing spell and think of some way out of the mess.

Other people have managed to do this so it can be done. But each person has to do it his own way and in his own time—if he lasts that long.

And the truth is that a lot of the rush, rush, rush is spurious if closely examined.

☆ ☆ ☆

It is like the phony atmosphere that a sideshow barker creates at the beginning and ending of his spiel with a shout of "Hurry, Hurry, Hurry."

☆ ☆ ☆

If you stop to think about it maybe you will find that hurry has become a habit and that it persists after you have already gone past the finish line.

You could still be racing your motor when there is no longer any need for more than a safe, careful and normal speed.

Literally, you can be, for example, driving like fury on the Freeway to save a couple of minutes you don't really need.

☆ ☆ ☆

And it doesn't make sense to risk your life just to stand and gab with a parking lot attendant about the chances of the 49ers.

☆ ☆ ☆

The phony hurry complex is easy to develop and often, if you analyze it, you may find that someone else is pushing you into it.

If this is the case, take a good, long look at the person who is crowding you. Chances are the poor guy is a victim of phony hurry-up and is unwittingly giving you the works.

You can't do anything to help him, but once you know what is happening a good look at him may be just the medicine you need.

☆ ☆ ☆

More often, however, a bad case of hurry-up may be strictly homegrown. This you have got to find out for yourself.

☆ ☆ ☆

Your driving is a good place to check up.

Do you find yourself pouring on the gas in an effort to beat out every traffic light? Do you sit and fret if you don't beat one?

Even worse, do you catch yourself "jumping" traffic lights and cursing pedestrians?

☆ ☆ ☆

If the answers are "yes" you already have a virulent form of phony hurry in this one phase of your life and you had better start checking on your behavior in general.

☆ ☆ ☆

You may find a lot of places and opportunities for slowing down and starting to enjoy life instead of rushing madly to oblivion.

You will probably find it is easier to relax than to rush.

You may even start having some fun watching others hurry by.

Easter Eggs For Hatching

Those Easter eggs looked like they needed hatching to 3-year-old Roberta Herda.

What better way to do it than place them in the oven?

When San Mateo firemen got to where Robert lives, 225 Catalpa Drive, shortly after 6 p.m., Saturday the eggs were sending up a pretty good cloud of smoke.

Firemen quickly cleared the house of smoke. There was no damage — except to the unhatched eggs, which were made of plastic.
